HENRY M. FLAGLER DEAD IN FLORIDA

Noted Capitalist and Railroad Magnate Passes at Palm Beach

HIS DEATH NOT UNEXPECTED

Had Been Ill Several Months—Creator of His Own Fortune—Builder of Over-Seas Railroad. Connections.

West Palm Beach, Fla., May 20.—Henry M. Flagler, aged 83, the noted capitalist and railroad magnate, died at his Winter home here this morning after an illness of several weeks. The octogenarian sustained a fall from steps in his home, and because of his advanced age, his recovery had not been anticipated.

For the past few weeks, Mr. Flagler had been losing practically all of his faculties, and his death was momentarily expected. Several of his relatives and business associates had been summoned to the financier's bedside.

Henry M. Flagler was born at Canandaigua, N. Y., in 1830. Little is known of his early life except that he was clerk in a country grocery in Orleans county, Mich., while yet in his teens. Later he removed to Saginaw, Mich., where he engaged in the manufacture of salt.

Becoming interested in the possibilities of the petroleum industry, he removed to Cleveland, O., where he organized the company of Rockefeller, Andrews & Flagler, engaging in the refining of oil.

The Standard Oil Company was the outgrowth of this venture and Mr. Flagler has remained actively connected with the management of the great corporation since its inception.

In 1885 Mr. Flagler paid his first visit to Florida and became impressed with the business possibilities presented there for the railroad field in connection with the Winter resorts.

Entering actively in the work of turning Florida into one vast Winter resort, Mr. Flagler built the Florida East Coast Railroad and later erected the Ponce de Leon and Alcazar hotels at a cost of $3,000,000.

His greatest achievement, however, was the extension of his railroad from Miami to Key West. For many years his plan was ridiculed as impracticable and was called "Flagler's folly" The opening of this "over-seas" line is listed as one of the engineering triumphs of the age.

Mr. Flagler formerly was vice president and director of the Standard Oil Company, president and chairman of the board of directors of the Florida East Coast Railway and Jacksonville Terminal Company; director of the Western Union Telegraph Company, Morton Trust Company, and other corporations.

The body of Henry M. Flagler will lie in state at the cottage where he died until Wednesday afternoon, and after brief services will be conveyed by special train to St. Augustine, where final funeral ceremonies will take place on Friday.

Mr. Flagler's body will be laid to rest in the mausoleum erected by him at the Flagler memorial church of St. Augustine.

NOMINATIONS CONFIRMED

Senators Approve the Appointments of Various Officials

Washington, May 20.—Senators who were looking forward to a discussion of census taking from the days of Babylon to the present were disappointed tonight when the promised fight over the confirmation of W. J. Harris, of Georgia, as director of the census succeeding E. Dana Durand was submitted to arbitration and an agreement was made to vote upon it June 25th. Senator Burton had announced his intention to post his colleagues on census taking as a fine art, and had piled the space under his desk with ancient and modern records.

Other Republicans who opposed confirmation of Harris were primed with figures and facts and they looked forward to an indefinitely prolonged merry war. The Republicans had insisted that Harris be not confirmed before July 1st, and offers a compromise on June 1st had been frowned upon.

The agreement for a vote June 25th, was voted only after it became apparent that those opposed to confirmation at this time were prepared to take advantage of the Senate rules and keep talking as long as the Senate remained in session. No charges have ever been filed against Harris, and since a voting arrangement has been made he probbaly will be approved, for the Democrats have plenty of votes to confirm the nomination.

In the two-hour executive session tonight the Senate confirmed the nominations of several score postmasters and other officials, including George W. Guthrie as Ambassador to Japan; John P. Mitchel, as Collector of the Port of New York; G. M. Saltzgaber, as Commissioner of Pensions, and Albert Lee Thurman, as Solicitor of the Department of Commerce.

Nominations of William H. Berry, as Collector of Customs at Philadelphia, and that of Franklin P. Colcock, as collector at Beaufort, S. C., to which Republican objection has been raised were passed over.

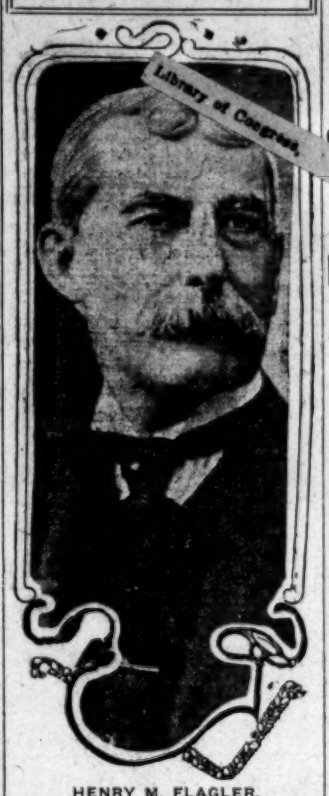
TAXICAB GRAFTERS.

Special Investigating Committee Recommends Lower Rates.

New York, May 20.—With the so-called taxicab graft situation under investigation by the grand jury, the board of aldermen's special taxicab committee today submitted a report recommending lower rates for the public and the abolishing of private taxicab stands in public places.

It is expected the inquiry will be temporarily suspended tomorrow and several indictments returned next week.

Answers Final Summons



HENRY M. FLAGLER.

ORGANIZED LABOR ATTACTED

President of National Association of Manufacturers Makes Poignant Charges in Report—Wilson Asked to Veto Bill

Detroit, Mich., May 20.—Charging that organized labor has failed to clear itself of the "stains which violence and lawlessness cast upon it," John Kirby, Jr., of Dayton, Ohio, president of the National Association of Manufacturers, in his annual report today dwelt on present industrial and legislative tendencies, and their effects on manufacturers and employers. He referred in detail to the attitude of manufacturers towards the tariff. He said in part:

"Conspicuous in the momentous events of recent years that have transpired in the field of American industry is the tragedy of Los Angeles and the drama of Indianapolis.

"As a reward to the principal accomplices in this conspiracy, they have one after another, through the power of the invincible 'inner circle' of the American Federation of Labor been re-elected to their respective offices. Point me to one single labor leader or delegate who has arisen and indignantly demanded that such type of leadership be forever barred from the administration of union affairs.

Labor Trust Attacked

"During recent years we have witnessed the prosecution and conviction of many business men under the Sherman anti-trust law for seeking in some way to protect their business against ruthless competition and dominant methods of the labor trust. If they have violated the law we have no complaint to offer for the penalties which they may be called upon to pay, but we do protest against the free and unmolested manner in which the labor trust defiantly continues to violate the same law.

The Clayton Bill

"We are justified in our condemnation of representatives and Senators in Congress, who in the name of political expediency, stoop so low in the scale of public duty as to vote for such legislation as the Clayton anti-injunction and contempt bills passed in the lower House of the 62nd Congress, and which only escaped passage in the Senate by a hair's breadth.

"There are men now acting in the capacity of representatives of the people, who under the cowardly pretense of political expediency, have been willing to violate their oath of office for the cheap price offered by the leaders of an organized gang of dynamiters who with their entire affiliated membership, represent less than two per cent of the population of the country.

Amazing Spectacle

"And should not we gaze with horrified amazement upon the spectacle presented to us in the closing days of the last Congress, when both the House and Senate passed the sundry civil appropriation bill containing provision that no funds appropriated for the use of the Department of Justice in prosecuting violators of the Sherman act should be used for the purpose of prosecuting these defiant combination—a bill which William Howard Taft promptly vetoed? The same bill is pending again having promptly passed by the House in the special session. And this is the way the party in power starts out to make good its boasted slogan of 'equal rights for all, and and special privileges to none.'"

Referring to the Industrial Workers of the World as being supplemental to the American Federation of Labor, Mr. Kirby said:

"Against these forces of evil, domestic and alien, we must stand flintlike in our resolve that our government is and must be a government is and must be a government of law."

Assails Tariff

"If as a result of radical and ill-advised tariff legislation, we suffer business depression and the loss of opportunity to labor." He said in

(Continued on Page Eight.)

TOKIO AGITATED OVER ALIEN BILL

Government Attempts Difficult Task of Pacifying Public Opinion

NEWSPAPERS ISSUE EXTRAS

Japs Still Think Washington Officials Will Find Satisfactory Solution of California Land Ownership Problem.

Tokio, May 20.—News that the California alien land ownership bill had been signed by Governor Johnson was received here with regret, although it had been discounted in official and non-official circles. It was hoped up to the last moment, however, that Washington's intervention would prove successful. The newspapers published extra editions with the announcement that the bill had been signed.

Efforts of the Japanese government are concentrated at present on pacifying public opinion, but the task is regarded in many quarters as a more difficult one than at the time of the California school controversy.

Since the death of the old Japanese Emperor the authority of the government has steadily diminished in resisting the growing influence of public opinion and the spirit of democracy is augmenting throughout the Empire.

Arthur Bailly-Blanchard, secretary of the United States embassy, visited Baron Noboaki Makino, the Japanese foreign minister today and reiterated the determination of the United States government to exert every effort in order to find a friendly and satisfactory solution of the controversy. He emphasized the fact that it was a Californian and not an American question, and thanked the Japanese government for its friendliness and for its attempts to restrain excitable public opinion of Japan.

The Racial Issue.

It is generally believed here that Washington will find a solution of the problem, but the moree conservative elements in Japan are now echoing the public agitation for equal treatment of the Japanese. They declare that the racial issue which it is contended is involved and the steady recurrence of anti-Japanese bills in California should receive "basic curative treatment."

A prominent official said today: "The Japanese people feel that their National honor is involved. The present question will be solved peacefully, but what is needed to assure the permanence of our traditional friendship is a change of heart in some Americans toward the Japanese."

Interest Has Shifted.

Washington, May 20.—Interest in negotiations between the United States and Japan over the California land legislation has shifted from Washington to Tokio. The American government having delivered its reply to the Japanese protest is awaiting the next step of Japan, and the situation was not even mentioned at today's cabinet meeting.

In official circles it is regarded as significant of the desire of the administration to convince the Japanese government of its purpose to do everything possible to maintain the best of relations that American Charge Bailly-Blanchard had called upon the foreign minister at Tokio to assure him of the determination of the United States to find a friendly and satisfactory solution of the issue. Secretary Bryan already has verbally given such assurance to Viscount Chinda.

It is believed here that the visit to California of the Japanese statesmen, Ebara and Hattori, representing both of the great political parties of Japan, will be of benefit, as they will be able to enlighten their people at home as to conditions in California.

Meanwhile, resting secure in the belief that nothing more can be done by them until the next word is had from Japan, the President and Secretary Bryan apparently have discharged their minds from the consideration of the subject.

SEVENTEENTH AMENDMENT.

Providing for Direct Election of United States Senators.

Washington, May 20.—Secretary Bryan is planning to make the formal announcement of ratification of the 17th amendment to the constitution providing for the direct election of United States Senators, a memorable event, marking as it does the culmination of a movement first instituted in Congress 87 years ago. The date for the signing of the proclamation will be agreed upon with Representative Rucker, of Missouri, who was chairman of the House Committee, which reported the resolution submitted to the State Legislatures for ratification during the last Congress.

Although the first resolution for the popular election of Senators was introduced into the House in 1826, such a measure did not reach the Senate until 1850. Then the proposition met with Senatorial disfavor during the next 62 years. The amendment will be the second one promulgated this year, the first being that providing for the income tax, which was announced by Secretary Knox. Until then the constitution has not been amended since the famous 15th amendment was added at the conclusion of the civil war.

SECRETARY DANIELS.

Returns to Washington After Visit "Down Home."

Washington, May 20.—Secretary Daniels returned today from Washington, N. C., where he was honor guest at a luncheon by the citizens in observance of his 51st birthday anniversary. He brought back with him a big North Carolina cake, supporting 51 candles, baked by the wife of a banker in his home town.

THE NEW PRESIDENT OF CUBA

The Island Enters Period of Prosperity and Peace With Inauguration of New Officials—Biographical Sketches

Havana, May 20.—With the inauguration today of General Mario G. Menocal as President in succession to President Miguel Gomez, and Dr. Enrique Jose Varona as Vice President, the Cuban Republic enters on a new phase of its existence in a spirit of high hopes at preservation of peace and establishment of a prosperity of the island.

General Menocal was born at Jaguey Grande, Matanzas province. His family soon removed to the United States and he was educated in a military college at Washington and at Cornell University. He graduated from Cornell as a civil engineer. Upon leaving Ithaca he went with his uncle, Aniceto G. Menocal, chief of the engineering staff which made the survey of the Nicaragua canal, and worked with him.

He returned to Cuba as an engineer for a French company. At Santa Cruz he joined the revolutionary forces as a private and rose rapidly until he became general of division. His military record was brilliant; he rendered great service to the Americans at the time of the Spanish evacuation and General Ludlow, civil governor of Havana province, appointed him chief of police of Haana., a position requiring at that time great tact and ability. He later managed the Chaparra sugar estate up to a few weeks before his inauguration.

Vice President Varona was born in Camaguey, April 13th, 1849; was graduated from the University of Havana, and is Professor of Philosophy and Ethics in that institution. He was deputy to the Spanish cortes from Camaguey province shortly after the ten years' war (1866-78). Under General Wood's administration he was secretary of public instruction. He is author, newspaper man, and president of the Conservative party which won the recent elections.

Cosme de LaTorriente, Secretary of State, is vice president of the Conservative party. Upon the second American intervention he was Cuban minister to Spain.

Cristobal de LaGuardia, Secretary of Justice, is the only member of the cabinet that has no record. In 1898 he made an unsuccessful effort to organize a labor party.

As a Senator he made a strong fight against the lottery, chicken fighting and Jai-Alai.

Colonel Aurelio Hevia, Secretary of the Interior, was one of General Calixto Gracia's expedition which embarked on the Hadkins for Cuba, and when that vessel sanff of the Jersey coast, he narrowly escaped with his life. During the intervention he was Assistant Secretary of State.

Leopoldo Cancio, Secretary of the Treasury, has been a cabinet minister several times.

Jose Ramon Villalon, Secretary of Public Works, was graduated in 1889 from Lehigh University, where he obtained his degree of civil engineer. While in the United States, prior to joining General Maceo, he built the first dynamite gun ever used in the world, and employed it in the operations in Cuba. He is a Professor of Mathematics in the University of Havana and a member of the American Society of Civil Engineers and the American Institute of Mining Engineers.

General Emilio Nunez, Secretary of Agriculture, Commerce and Labor, has been president of the National Council of Public Instruction, is Professor of Literature in the University of Havana.

Enrique Nunez, Secretary of Public Health, was graduated from the University of Havana in 1886 and as a surgeon in 1893.

President Menocal, on taking office, contents himself with the declaration that he will devote all his energies to giving the country a clean business administration which will foster the industries of the island and develop its splendid resources, which will welcome foreign capital and immigration and maintain friendly relations with all nations and especially with the United States to which Cuba is as closely linked by bonds of mutual affection and interest.

Message of Congratulation

Washington, May 20.—A cordial message of congratulation and good wishes from President Wilson and the American government was carried to President Menocal by the special mission representing the United States at the inauguration of the Cuban executive today. This was delivered by Dudley Field Malone, third Assistant

(Continued on Page Eight.)

OUTLINES

Gen. Mario G. Menocal was inaugurated President of Cuba yesterday, succeeding President Jose Miguel Gomez.

Henry M. Flagler, aged 83, the noted capitalist and railroad magnate, passed away at his Winter home, West Palm Beach, Fla., yesterday, after a lingering illness.

Senator Penrose announced yesterday that the Republicans will protest each item of the Underwood tariff measure before the bill finally reaches the Senate for general discussion.

Regret was expressed in Tokio yesterday when it was announced that Governor Johnson had signed the California anti-alien land bill. It appears, however, that Japan is confident that the government officials at Washington will adjust the matter in a satisfactory manner.

In his annual report to the National Association of Manufacturers, John Kirby, Jr., president of the organization, charged that organized labor has failed to clear itself of the "stains which violence and lawlessness cast upon it." He also attacked the labor laws now on the statute books.

New York markets: Money on call steady 2 1-2 to 3 per cent.; ruling rate 2 3-4; closing bid 2 5-8; offered at 2 3-4. Cotton quiet, middling uplands 12:00; middling gulf 12.25; sales 136 bales. Flour steady. Wheat steady. Corn steady. Rosin quiet. Turpentine easy.

MINORITY INSISTS ON AMENDMENTS

Republicans Will Protest Each Item of the Underwood Bill

GENERAL TARIFF DISCUSSION

Opposition to Revision Will Make Strong Fight Before Bill Reaches Senate for General Discussion.

Washington, May 20.—That Republican Senators plan to insist upon amendments to nearly every item in the Underwood tariff bill when it comes before the Senate for general discussion became evident today when Senator Penrose, former chairman of the Finance Committee, declared that every member of the minority would have amendments to propose.

Senator Penrose told the Senate he knew of no concerted effort to be made to purposely delay the passage of the bill, but said he was assured that the minority would offer many amendments to the schedule offered by Democrats. Senator Smoot announced that the introduction of the amendments would begin as soon as the bill came from the committee, and that many roll calls would be demanded. If this plan is pursued systematically the journey of the bill through the Senate is certain to be prolonged.

Senator Simons has called for tomorrow the first meeting of the full membership of the Finance Committee to consider questions relating to the tariff. One matter to be determined will be the list of questions on the tariff to be sent to manufacturers throughout the country. Senators Simmons, Stone and Williams will submit a list for the committee's approval.

During debate today on the matter of making public the briefs filed by manufacturers with the Finance subcommittees, Senator Townsend, of Michigan, engaged in a colloquy with Senator Simmons relative to the alleged threats of manufacturers to reduce wages and the counter intention of the administration through the Bureau of Corporations to investigate concerns which might reduce wages, following tariff reductions.

"Is the Senator aware?" asked Senator Townsend, "of any condition existing which will make possible this proposed coercion on the part of government indicated by the Secretary of Commerce?"

"Remarks of the secretary relating to investigations of manufacturers." replied Senator Simmons, "have grown out of threats constantly made by the protected interests, that they would reduce wages unless they are permitted to retain the exhaustice tariff rates.

"Can the Senator give any specific cases where such threats have been made," Senator Townsend continued.

"I can refer the Senator to the hearings before the Ways and Means Committee, where statements were repeatedly made by manufacturers that if duties were reduced, they would be forced to, and would cut wages. I would also refer him to the briefs filed with the Finance Committee, which are full of such statements.

"Does the Senator construe as a threat the statement of a manufacturer that certain changes would force him to cut expenses?" asked the Michigan Senator.

"The Senator may construe it as he sees fit." Senator Simmons concluded.

"Call it a threat or a statement, but the Secretary of Commerce had reference to these constant warnings by representatives of the protected industries that they would not suffer in their own pockets from tariff reductions, would would shoulder the loss upon their employes."

Prolonged discussion centered upon an effort begun by Senator Penrose to have the names of manufacturers who appear before the Senate Finance sub-committee submitted for the benefit of the minority. He accepted an amendment by Senator Smith, of Georgia, for submission of names of manufacturers who call upon minority members of the committee and another by Senator Reed for making public a record of manufacturers who appealed to the Finance Committee when the Dingley and Payne-Aldrich bills were under consideration.

The Penrose motion, with amendments, was about to pass when Senator Lippitt proposed another which would require immediate publication of all briefs filed with the Finance Committee. Thereupon Senator Simmons moved that the whole matter be referred to the Finance Committee and the motion was carried 42 to 29.

Senator Newlands addressed the Senate at length on his tariff programme proposed at the opening of the extra session which would provide for a gradual reduction of the tariff, and for an investigation inot the wisdom of creating a tariff advisory commission.

"I hope that this opportunity—the first the Democratic party has had in many years—of basing action upon intelligent information instead of mere juggling adjustments between industries and sections, will not be lost," he said.

Representatives of cotton knit goods manufacturers, appeared before Senator Johnson's sub-committee today, protesting against the rate of 30 per cent. ad valorem proposed on their wares in the Underwood Bill. They maintained that this rate was not protective and that it would let in goods of foreign manufacture.

"That's what we are looking for," said Senator Hughes. "The government will get some revenue and the people will get lower prices."

Senator Stone's sub-committee was engaged in consideration of the metal

(Continued on Page Eight.)

DIOCESAN COUNCIL HERE NEXT

Invitation to St. James' Church, Wilmington, Accepted by Episcopalians at Goldsboro—Sessions Yesterday

(Special Star Correspondence.)

Goldsboro, N. C., May 20.—Several important matters engaged the sessions of the East Carolina Diocesan Council here today, one of them being the adoption of a canon creating a Diocesan Board of Religious Education, which is to take the place of the Sunday School Commission, now discontinued, and the unanimous acceptance of an invitation from St. James' church, of Wilmington, to meet there next year.

The day began as did yesterday with a celebration of the Holy Communion at 7:30 A. M. After morning service at 9:30 A. M., the Council assembled in business session. Several important committees reported, among them being that on Memorial to Major D. S. Davis, of Goldsboro, and Mr. W. B. Shepherd, of Edenton.

The adoption of the new canon creating the Board of Religious Education is in conformity to a general movement to co-ordinate all the Dioceses of the Episcopal Church in the United States in one united effort to promote effective and helpful religious education, especially in the Sunday schools.

Another important canon looking toward the reduction of the number of delegates to which each parish is entitled came up for action from last year. It was warmly advocated, also warmly opposed and was finally laid on the table. Following this, and in the same general connection, a resolution was adopted providing that the traveling expenses of one delegate from each parish be paid by the Council.

Another important action was the raising of the subscription price of the Mission Herald from 50c to $1.00 a year, and the election of Rev. Dr. W. H. Milton, rector of St. James', Wilmington, as editor-in-chief.

But the event of the morning session was the selection of Wilmington as the place of meeting next year. Mr. Geo. B. Elliott invited the Council to meet next in St. James' church, that city, and his invitation was accepted unanimously.

Afternoon Session

The matter first before the Council was the following resolution offered by Rev. Dr. Milton, rector of St. James', Wilmington, this morning and made the special order for this afternoon:

"Resolved, That this Council of East Carolina opposes any change in the name of the Church until such change in the constitution of the Church be effected as shall so far modify the basis of representation in the house of deputies to the general convention that the several Dioceses shall be represented in proportion to the number of their clergy, their parishes, or their communicants, or in some more just and equitable method than the present, or pending such action or in default thereof.

"That this Council further opposes any change of name until a referendum to the several Dioceses and parishes shall have determined the will of the majority of the communicants touching such change."

Speaking to this resolution the Rev. Dr. Milton called attention to the fact that any action of the general convention on this question would not be final but will fist have to be referred back to the Dioceses for their approval, and then be finally notified at the next general convention. At the same time, he said, the action of the general convention next October will be taken by the people of the Nation at large as being the real thought and position of our Church. We should, therefore, be most careful about the attitude of our general convention in its action next October on this question. The Council adopted the resolution as indicative of the attitude of this Diocese, but it refused to instruct its delegates to the general convention, leaving them unhampered when it comes time to act in the general convention itself.

The following were elected as deputies to the general convention, which meets in New York in October: Clerical deputies, Rev. W. H. Milton, D. D., Rev. R. B. Drane, D. D., Rev. J. H. Griffith and Rev. Wm. E. Cox. Lay deputies, Messrs. Wilson G. Lamb, George H. Roberts, Benjamin R. Huske and William Calder.

Rev. M. E. Bethea was elected registrar and Mr. Thos. D. Meares was re-elected treasurer.

Hon. Geo. Rountree was re-elected chancellor, but his elevation to the judgeship prevents his serving and Mr. W. D. Pruden, of Edenton, was therefore elected chancellor. After the election of the standing committee, the executive missionary committee, the committee on finance, the trustees of the Diocese, the trustees of the University of the South and the members of the board of religious education, the Council adjourned for evening service.

At the evening service, which was a fitting climax and close of the Council, the Rev. W. H. Milton, D. D., of Wilmington; Prof. Pusey, of Goldsboro, and Mr. G. V. Cowper, of Kinston, spoke on social service. After service and appropriate resolutions of thanks for Goldsboro's cordial hospitality, the Council adjourned to meet next year in Wilmington.

Woman's Work

Monday afternoon the officers enjoyed the hospitality of Mrs. Ernest Dewey and had the pleasure of being with Miss Ludley.

This morning at 7:30 the Corporate Communion of the Woman's Auxiliary was celebrated, the celebrant being Rev. J. H. Griffith, of Kinston. At this service the offering known as the Bishop's fund was placed on the altar and amounted to a good sum. The business session presided over by Mrs. James G. Staton, was called to order at 10 A. M. After the opening exercises, Miss Arrington, of Goldsboro, extended a cordial welcome which was ably responded to by Mrs. W. A. Townes, of Wilmington. Then followed the reports of the Diocesan officers and all showed great advance in every line of work. Roll call showed 88 delegates and visitors present. The educational secretary at Rev. Gray's request announced that the study for next year would be "Emergency Work in China." Rev. W. J. Smith then came before the ladies in the interest of the orphanage.

The treasurer reported $2,060.21 as having passed through her hands. The Bishop's fund was announced to be $427.68 after which the doxology was sung.

It being the hour of noon the Bishop of the Diocese led in the noonday prayer for missions. He appointed Mrs. James Staton, Mrs. Josh James, Miss Bettie Windley, Mrs. F. R. Rose and Mrs. N. N. Davis, delegates to the general convention, and Mrs. H. M. Bonner, Mrs. T. G. Skinner, Mrs. W. E. Cox, Mrs. G. H. Roberts, Mrs. John Cranmer as alternates.

The address of Miss Ludley was most inspiring and at its close one of the delegates, Miss Venetia Cox, of Winterville, the daughter of Dr. B. T. Cox, representative of Pitt county in the State Legislature, gave herself for work in the mission field.

Mrs Robt. Strange then thanked the people of Goldsboro for their delightful hospitality, after which the meeting came to a close.

At 5 P. M., the delegates were entertained at Mrs. Collier's and it was a fitting close for a splendid session and the delegates will carry with them many pleasant memories.

GENERAL ASSEMBLY OF PRESBYTERIANS

The Three Churches Present Important Resolution to President Wilson

THE EDUCATIONAL QUESTIONS

Brief Statement of Belief Adopted.—Plan to Debar Schools Supported by Government From Use of Badges or Uniforms.

Atlanta, Ga., May 20.—With several slight changes in phraseology "the brief state of belief," compiled by a special committee was adopted this afternoon by the Southern Presbyterian Assembly.

After almost two days of spirited discussion the Northern Presbyterian Assembly this afternoon voted to refer the entire negotiations with the Union Theological Seminary of New York to a special committee. Seven members of the committee to be appointed by the moderator, will make a final report to the 1914 General Assembly. This solution was contained in a motion of Dr. Mark A. Matthews, of Seattle, Wash.

By a unanimous vote the General Assembly of the United Presbyterian Church late today adopted a resolution intended to debar from schools supported by the government all denominational badges or uniforms. This resolution, which is to be presented to the President of the United States, was introduced by Prof. J. A. Wilson, occupying the chair of Biblical history, of the Pittsburg Theological Seminary, Pittsburg, Pa.

The resolution says: "Resolved, That the General Assembly of the United Presbyterian Church petition the President of the United States to direct that no badge or uniform distinctive of any denomination be permitted in any school suported by the funds of the generol government."

These important actions by the Northern, Southern and United assemblies marked the close of a day which has, perhaps, been fraught with matters of more significant importance to the Presbyterian church as a whole than has any other since the convocation of the Pan-Presbyterian Pentecost.

Stormy Atmosphere Cleared.

That the action of the Northern Assembly in referring to a special committee the matter of negotiations with the Union Theological Seminary of New York, with instructions to report back to the Assembly in 1914, cleared the atmosphere of a threatened storm of considerable proportions is agreed by the commissioners. As a proof of this was the eager manner in which the motion of Dr. Mark A. Matthews to take the action mentioned, was approved. The "Doxology" was sung with fervor at the close of two days of acrimonious argument.

Home Missions.

Another matter of prime importance acted upon by the Northern Assembly was the adoption of the recommendations contained in the report of the judicial commission of the Home Missionary Board matter. Investigation of the board was made by a sub-committee of the executive commission, upon representations that the board has spent too much for supervisory purposes in preparation to the amount spent for home mission work. The report, as adopted stated that while efficient work has been done, the number of synodical evangelists and field secretaries shall be reduced, and competent home missionaries put in the field to work without supervision, except by Presbyterial and synodical home missionary committees. All the important resolutions embodied in the report were approved.

One of the Triumphs.

Action by the Southern Assembly in endorsing by an overwhelming vote the "brief statement of belief" as submitted by the special committee appointed at the General Assembly of last year, late this afternoon is regarded as one of the triumphs of the present gathering. Some minor changes were made, but the report remains intact in essentials.

The statement will be circulated as a tract among members of the church. Announcement was made tonight that Moderator J. S. Lyons, of the Southern Assembly, has appointed Rev. T. M. Hawes, D. D., of the Highland Presbyterian church, Louisville, Ky., to represent the church at the Pan-Presbyterian alliance at Aberdeen, Scotland, in June.

IN THE WORLD OF SPORTS

BASEBALL - YACHTING - TENNIS - GOLF - MOTORING

PHILS WON; DODGERS LOST

Dooinites Gained Another Game on Brooklyns Yesterday—Giants Lost to Cardinals—Cubs Won From Braves.

A gentleman bearing the name of Fromme repeated history at Philadelphia yesterday, allowing the Phillies to rout him from the mound in the third inning again, aforementioned Quakertown ball players romping away with the opening contention of the series without the slightest difficulty, count, 5 to 1. By yesterday's victory the Dooinites placed themselves another game in advance of the nearest contenders, who lost their game.

Those bold, bad Pirates, who drifted rudderless so long, only to be pointed pennantward by the great Dutch skipper, after encountering squally weather on their recent cruise to New York, opened a series with the Brooklyn Superbas yesterday and scuttled the Dodger craft in the opening session by a 4 to 1 score. Honus Wagner, Pittsburg's big shortstop, held the centre of the arena throughout the game. He accepted nine chances, and in the fifth inning, with bases full and two down, clouted the ball for a drive that brought three runs across.

Harmon, twirling for the St. Louis Cardinals, made serious dents in the Giants' batting averages, allowing only two hits in a full nine-inning game. To show that they have no respect for the great and mighty, those Cardinals pounded Matty for a total of 15 safeties, seven of which were of the infield variety. The result was a shut-out for the Giants, the visitors pushing a total of eight tallies across.

Chicago won the opening game from the Boston Braves by a 7 to 3 score, Chicago's runs all being made in the second inning, off Perdue. Rudolph, who replaced Perdue in the third, held the locals scoreless for the remainder of the game.

Fast Playing Phillies.

Philadelphia, May 20.—Philadelphia drove Fromme out of the box in three innings today and had no difficulty in defeating Cincinnati, the score being 5 to 1. Packard, who took Fromme's place, was very effective.

Cincinnati .....000 001 000—1 5 2
Philadelphia ....022 000 01x—5 9 1

Fromme, Packard and Clarke; Alexander and Killifer; time 1:30; umpires O'Day and Emslie.

Too Much Honus.

Brooklyn, May 20.—Pittsburg with too much Wagner, beat Brooklyn today 4 to 1. The big shortstop accepted nine chances, and in the fifth inning, bases full and two out, drove out a single that Stengel's fumble made good for three bases. Three runs came home. Wagner was out trying to steal home.

Pittsburg .....000 031 000—4 6 1
Brooklyn .....100 000 000—1 7 3

Robinson and Simon; Allen, Stack and O'Miller; time 1:40; umpires Klem and Orth.

Giant Batters Humiliated.

New York, May 20.—Harmon held New York to two singles today and St. Louis shut out the locals 8 to 0. Mathewson, for New York, was hit harder than at any time this season. The St. Louis batsmen bunted on him throughout, and seven of the hits were of the infield variety. After Wiltse relieved Mathewson, St. Louis continued scoring.

St. Louis .....000 022 022—8 15 0
New York .....000 000 000—0 2 2

Harmon and Wingo; Mathewson, Wiltse and Meyers and Hartley; time 1:40; umpires Rigler and Byron.

Cubs Won Easily.

Boston, May 20.—Chicago scored seven runs on Purdue in the second today, enough to win easily from Boston 7 to 3. Overall held Boston's hits scattered, two runs coming in the seventh when Connelly drove out his second home run in two days.

Chicago .....070 000 000—7 7 0
Boston .....010 000 200—3 8 2

Overall and Archer; Perdue, Rudolph and Whaling; time 2:03; umpires Brennan and Eason.

ODD FELLOWS IN SESSION

Grand Lodge Convention in Greensboro—Large Attendance

(Special Star Telegram.)

Greensboro, N. C., May 20.—The seventieth annual session of the State Grand Lodge of Odd Fellows convened here tonight, to last through Thursday. Grand Master Dewey, of Goldsboro, presided over the opening exercises, the address of welcome being made by Rev. W. R. Abernathy, of Greensboro, the response by M. H. Overton, of Durham.

The balance of the night session was devoted to conferring the third degree on delegates who had not before attended a Grand Lodge. Over 200 delegates are already here, of the 264 lodges in the State, and by Wednesday 300 are expected.

The sessions are being held in the new lodge room of Beuna Vista Lodge, completed at a cost of over $12,000.

SEVERE STORM.

Cloud Burst in Roanoke Does Much Damage.

Roanoke, Va., May 20.—A severe rain storm resembling a cloud burst, with wind, hail and electrical accompaniment, did considerable damage in this city tonight to property of various kinds. Motor cars were stalled in flooded streets, stores along the principal streets had their lower floors submerged, wires were prostrated and trees blown down. No loss of life is reported.

According to the local forecaster, 1.35 inches of rain fell in 20 minutes.

It is said the hail storm which followed the rain has done serious damage to growing crops, gardens and fruit trees.

SERVICE RESUMED.

Cincinnati Strike Off—Cars Run on All Lines.

Cincinnati, May 20.—Street car service was resumed on all lines in Cincinnati today, a settlement of the ten days strike having been reached last night.

From the uppermost floors of a lofty sky scraper where on last Saturday strike sympathizers bombarded a street car manned by imported men by tossing bags of cement and barrels of plaster upon it, the strikers and sympathizers today dropped roses and carnations upon the heads of thousands of those who had gathered to see the display.

THE GREENVILLE HORSE SHOW

Two Hundred Entries Made Representing Six States

Greenville, S. C., May 20.—The seventh annual exhibition of the Greenville Horse Show Association opened here today with 200 entries, the States of Alabama, Georgia, South Carolina, North Carolina, Kentucky and Virginia being represented.

Today's events consisted of the saddle horse class and roadsters, both single and double. Prince Patricia, owned by George T. Little, of Camden, S. C., was the winner of the model class. Five-gaited saddle horse event, won by Tidal Wave, owned by D. B. Shore, Sumter, S. C. The three-gaited saddle horse events, won by Foxey Phil, owned by J. T. Collins, of North Middletown, Ky. In the roadster pair, Queen Golden and Montgomery Girl, owned by D. J. Gregory, Richmond, Va., were winners. T. M. Arrasmith, of Goldsboro, N. C., acted as judge.

ANTI-FLIRTING ORDINANCE

Georgia "Peaches" Protected from Seashore "Mashers"

Savannah, Ga., May 20.—Summer girls who gather at Tybee Island, Georgia's Atlantic City, this season will be protected from the seashore resort "mashers." The Tybee town council has just adopted an ordinance placing the ban on flirting and the aldermen declare they intend to see that the ordinance is enforced. Anti-flirting placards have been put up all over the island. The ordinance provides a fine of $100 or thirty days in jail or both, for any one convicted of "mashing."

SENT THREATS TO PRESIDENT

Jury Convicts Two Men Who Demanded Money from Mr. Wilson

Newark, N. J., May 20.—Seeley Davenport and Jacob Dunn, mountain wood choppers of Wharton, N. J., were convicted by a Federal jury tonight of sending threatening letters to Woodrow Wilson while he was President-elect. In the case of Davenport the jury recommended mercy. The combinations mailed to Mr. Wilson were received by his secretary, Joseph P. Tumulty, in May and November of last year, and demanded money in sums of $1,000 and $5,000 under a penalty of death.

UNRESTRICTED PROBE

Government Investigating Alleged Shoe Machinery Trust

Boston, May 20.—An unrestricted probe into the acts of the United Shoe Machinery Company, the alleged shoe machinery "trust" will be allowed the government as a result of a ruling by Judge William L. Putnam at the opening of the suit to dissolve the company in the United States District Court today. Attorney Choate, of counsel for the defense, requested the court to restrict the government to proof of a plan on the part of the defendants to monopolize the shoe machinery business of the country. If such a plan never existed, he said, the government would lose its case as it is alleged that all the acts complained of were done in pursuance of a plan of monopoly.

"It is pretty dangerous for the court to restrict counsel in a case of this character," said Judge Putnam, who is presiding with Judge Frederick Dodge and Judge Arthur L. Brown. "It is dangerous for us to intimate anything just now," he added, "but I would suggest that instead of taking up the time of the court, counsel argue on facts so far as they relate to acts of the companies operated as incidental to the shoe machinery busi-"

The government asked among other things that the court adjudge the United Shoe Machinery Corporation and the United Shoe Machinery Company of New Jersey, each a combination in restraint of trade, and decree that each of them be dissolved.

St. James' Wins Series.

The St. James' team yesterday afternoon at Hilton Park defeated the St. Andrew's team, 7 to 0, the game completing the series, every game of which was won by yesterday's victors. The second series of the Sunday School League will begin the second Tuesday in June, by which time it is hoped other Sunday School not in the first series of games, will enter the league.

FIGHT IN COURT HOUSE.

Prominent Lawyer Figures in Exciting Exchange of Blows.

Atlanta, Ga., May 20.—Burton Smith, prominent lawyer and brother of United States Senator Hoke Smith, of Georgia, figured in an exciting fist fight in the corridor of the Fulton County Court House today.

Two men, C. W. Walton and W. H. Byrd, are alleged to have made an attack upon Mr. Smith, while he was talking to a woman witness in a case in which he is engaged. Walton is said to have made an offensive remark which Smith resented by knocking him down. Byrd is alleged to have come to Walton's assistance, only to meet a similar reception. Witnesses say that several other men who attempted to interfere were knocked down by Smith. Officials finally put an end to the melee. Smith, who is of herculean proportions, has only one arm.

INFLUENCE IN POLITICS

Sidelights of Presbyterian Assemblies in Atlanta

Atlanta, Ga., May 20.—Charges that the Federal Council of Churches of Christ in America, composed of some 30 churches and denominational organizations is attempting to influence National politics were made before the Southern Assembly today by Dr. T. M. Lowry, Memphis, Tenn., and Rev. R. M. Hall, Galveston, Texas. Discussion of the matter was postponed until tomorrow morning.

"Home Missions" formed the subject of discussion at tonight's session of the Pan-Presbyterian Pentecost. Senator Hoke Smith, who was to have presided, was unable to be present, his place being filled by Rev. S. L. Morris, of Atlanta.

Secretary of State Bryan was warmly praised by the second speaker of the evening, Rev. J. Knox McClurkin, Pittsburg, Pa., for his attitude toward temperance. "Thank God," he exclaimed, "we have a Secretary of State, who in his social life, invites the highest ambassadors of the world to get on the water wagon with him." Inter-denomination co-operation in home mission work was the subject of an address by Rev. W. McF. Alexander, of New Orleans, who said that he favored union among the churches in mission work, but thought that denominational division is good for every community.

ANDERSON DEFEATS MANDOT.

Twelve-Round Bout Between Fighters at Los Angeles, Cal.

Los Angeles, May 20.—Joe Mandot, of New Orleans, was knocked out in the 12th round of his scheduled 20-round fight here tonight with "Bud" Anderson of Vancouver, Wash. Mandot was not knocked down in the final round, but he was "out on his feet."

He was clearly insensible. Referee Eyton, seeing the condition of the Southerner, stopped the fight with Mandot staggering blindly about the ring and held up Anderson's hand in token of victory.

Los Angeles, Cal., May 20.—Bud Anderson won from Joe Mandot in the 12th round tonight. It was 9:50 o'clock before the gong started Smith and Willard on their way.

The first round was uneventful, but toward the end of the second Smith landed fiercely with right and left to the jaw and Willard spat blood as he went to his corner. The sailor took a long lead in the third, landing several hard swings to the jaw and Willard appeared distressed. The round closed with the Kansan on the defensive.

ELECTION QUESTIONED

Southern Railway Raises Issue of Constitutionality

Jacksonville, May 20.—The Southern Railway in the United States Court here today attacked the constitutionality of the election by which $1,500,000 bonds were voted to build municipal docks. The port commissioners had brought suit to condemn the property of the road along the river front for dock purposes and by demurrer the road's attorneys plead that the election is void.

COBB DEFEATED ATHLETICS

Ty Was the Whole Cheese in Yesterday's Detroit Game—Senators Lost in Ninth—Yankees Won Another

Presumably there was only one man in the game at Detroit yesterday, barring the battery of pitchers and backstops, at least there is nothing in the score to show that there was. That lonesome player was the Honorable Tyrus Raymond Cobb, late of the Georgia Peach Southern Tour baseball club, but now Chief Game Grabber with the Tigers. In yesterday's game Ty only hit safely three times, but two of them were doubles and the third was revamped into a double by Ty. Outside of this he stole home, walked twice, and in the tenth inning came across with the winning run when a pass was issued with the bases congested. The score was; Cobb 8; Athletics 7.

With the Senators carrying a two-run lead at the opening of the ninth inning, Joe Birmingham's Demons jumped on Hughes for a bunch of singles sufficient to put three tallies across, winning the game by a ten to nine score. Both teams had on their swatting uniforms, a total of 23 hits being the result of the game. Cleveland tried three pitchers to Washington's two.

Should Dame Fate decree that the Naps win another game from the Climbers today, and at the same time shove the Athletic peg into the "lose" socket, the Clevelanders will take first place in the American League percentage column by a comfortable lead of 20-odd points, while the Senators, who are now clinging onto third place by a lead of just one point, will drop into fourth place in the event of the White Sox winning today's battle at Boston.

Frank Chance's Yankees are looking a little better, and again yesterday won from St. Louis by a six to one score. McConnell, although allowing eight hits, kept them well scattered so that they availed St. Louis only three tallies.

Tyrus Was "IT"

Detroit, May 20.—Ty Cobb in today's game with Philadelphia hit twice for extra bases, stretched a single into a double when the ball was fielded slowly, stole home, walked twice and in the tenth inning came in with the winning run when Brown gave High a base on balls with the bases full. The score was 8 to 7.

Philadelphia ..101 201 011 0—7 7 1
Detroit .....012 000 040 1—8 10 2

Houck, Brown and Lapp; Klawitter, Lake and Stanage. Time 2:29. Umpires, Connolly and McGreevy.

Naps Won in Ninth

Cleveland, May 20.—Cleveland won today's game in the ninth inning, scoring three runs and beating Washington 10 to 9. Each team hit freely, Cleveland using five pitchers and Washington two.

Cleveland .. ..200 122 003—10 11 4
Washington ..042 002 010— 9 12 1

Mitchell, Blanding, Cullop, Kahler, Gregg and O'Neil; Mullin, Hughes, and Henry. Time 2:43. Umpires, Deneen and Hart.

Yankees Won Another

St. Louis, May 20.—Although McConnell allowed St. Louis eight hits today he kept them scattered and New York won 6 to 3.

New York .. ..023 000 010—6 8 1
St. Louis .. ....100 001 001—3 9 1

Bumgardner and Agnew; McConnell and Sweeney. Time 2:10. Umpires, Evans and Hildebrand.

MODERN SURGERY

Medical Expert Advocates Transplanting Human Kidney

Baltimore, May 20.—To transplant the healthy kidney from a man who has just died to the body of B. Sanders Walker, banker, of Macon, Ga., probably is the only remedy that would save his life, if the mercury tablet he swallowed has destroyed one of his kidneys, was the statement today of a prominent physician who is a member of the Johns Hopkins Hospital staff.

He pointed out that Dr. Alexis Carrel, of the Rockefeller Institute of Research, has successfully transplanted kidneys from one dog to another, and in a few hours the dogs were walking about and eating as if their organs had not been disturbed.

According to Dr. Carrell the same could be done to the human system and he is the authority for the statement that blood vessels and other organs can be successfully transplanted and will continue to grow in the human body.

Another local physician predicted Walker's recovery, although he might be paralyzed for life. This doctor said he had several cases just like the Macon one and in only one of them did the patient die.

Other high medical authorities here in discussing the case expressed their belief that Mr. Walker could not possibly recover.

BALKAN SITUATION

Bulgaria Now Anxious to Sign Preliminary Peace Treaty

London, May 20.—When the last peace conference assembled in London to discuss a Balkan settlement it was Bulgaria which indulged in tactics of delay. Now the position is reversed. Bulgaria is anxious to sign the preliminary peace treaty while the other allies are raising objections. They desire a modification of the provisions of the treaty as decided upon by the powers. Bulgaria has no objection to such modification but desires this shall not interfere with the affixing of signatures.

There appears to be no likelihood that the peace conference will assemble this week. Delegates of the allies held a long meeting today and finally decided to submit a memorandum of the proposed modifications to the ambassadorial conference which, according to present arrangements will not meet until Monday.

The Bulgarian delegates emphasizing the enormous expense of keeping the Bulgarian armies in the field, consented to wait a few days to ascertain whether the powers could be induced to accept the modifications.

QUININE AND IRON-THE MOST EFFECTUAL GENERAL TONIC

Grove's Tasteless chill Tonic Combines both in Tasteless form. The Quinine drives out Malaria and the Iron builds up the System. For Adults and Children.

You know what you are taking when you take GROVE'S TASTELESS chill TONIC, recognized for 30 years throughout the South as the standard Malaria, Chill and Fever Remedy and General Strengthening Tonic. Pity the Unpainted House!

Would you go out in the pouring rain wearing your best clothes if you had no protection such as an umbrella or raincoat? Not if you could help it, you say.

Yet some people expose expensive material to the elements without adequate protection. The building material in your house is expensive and should be protected. Otherwise it will be ruined as surely as the fine clothes you wouldn't wish to wear out in the rain.

Dampness causes decay in wood-work. If you keep out the dampness you keep away decay. Paint made with

Lewis White Lead

(Dutch Boy Trade-Mark.)

and Pure Linseed Oil

will keep away dampness and prevent decay.

The following dealers sell it.

DAY'S DOINGS IN RALEIGH

Governor Slightly Indisposed—Peace Institute Graduates—Charters for Several Corporations. Visitation to Elks.

(Special Star Correspondence.)

Raleigh, N. C., May 20.—Governor Craig was to have been at Statesville today to deliver a May 20th address, but he was too unwell this morning to make the trip. He is suffering from his old rheumatic trouble, which has bothered him a good deal lately. A number of his friends are trying to get him to go to take a few weeks off and take a Hot Springs treatment.

The trustees of Peace Institute, of which Hon. James R. Young, State Commissioner of Insurance, is the president, held their annual session today in connection with the commencement season and were much gratified at the very successful showing made of the work and affairs generally the past year under the presidency of Dr. George J. Ramsey. The art exhibit was in progress this afternoon and the annual concert took place tonight, both being highly successful. The graduating exercises take place Wednesday morning when the address will be delivered by United States Commissioner of Education P. P. Claxton. The graduates are Misses Nellie Hamilton Graves, Carthage; Mittie Esther Hill, Raleigh; Bessie Faye Jackson, Tarboro; Annie Reid Lewis, Whiteville; Mary White, Raleigh. Special diplomas to Misses Clara Belle Armstrong, Gastonia; Elizabeth Ruth McGee, Mount Olive; Mabel Pugh, Morrisville; Sue Thackston, Raleigh; Sarah Eleanor Tiller, Emporia. Certificates in English, French, History and Philosophy to Miss Jean Gales Ward, Franklinton.

Judge Connor, of the Federal court, announces a continuance of the May term of Federal court here from May 26th to June 9th. There will be no consideration of the civil docket at the court in June, the purpose being to hold a special term later for civil causes.

R. H. Harrison, of this county, was exhibiting a two-headed terrapin here today that was caught in Neuse river, six miles from Raleigh. Other than having the two heads it is perfectly formed and in healthy condition, having already grown to about two inches in diameter.

Charters were issued for the Sterchi-Tillery-Rich Co., Wilmington, capital $25,000 authorized and $20,000 subscribed by J. M. Tillery, J. G. Sterchi and A. D. Rich for furniture business; the Castle Haynes Stave Co., of Castle Haynes, New Hanover county, capital $100,000 authorized and $10,000 subscribed by C. H. Keys, Jno. Feenan and others, for making staves and for other wood working and construction purposes; The Farmers' Banking & Trust Co., of Stoneville, Rockingham county, capital $25,000 authorized and $10,000 subscribed by B. A. Stone, C. R. Joyce and others for general and savings banking purposes.

W. S. Wilson, deputy Secretary of State, has arranged a series of visitations to Elks lodges in this, the Eastern Carolina district, in his capacity of district deputy for Elks in this State. He will be at Wilson May 21st; Goldsboro May 22nd; Washington May 23rd; Elizabeth City May 30th; Fayetteville June 2nd; Rocky Mount June 3rd; Wilmington June 5th and 6th; and Newbern June 10th. The occasion of his visit to Wilmington will be the State Convention of the North Carolina Association of Elks in session there at that time and for which the Wilmington Elks are making special and very elaborate preparations. There are nine prosperous Elks lodges in the East Carolina district for which Mr. Wilson is the district deputy.

HEARING AT GREENSBORO.

Better Accommodations Wanted on Southern's End of A. & Y.

(Special Star Telegram.)

Greensboro, N. C., May 20.—State Corporation Commissioners Travis, Lee and Pell gave a hearing here this afternoon to delegations along the line of the Southern Railway from Sanford to Mt. Airy, petitioning for a double daily passenger and express service and from Mt. Airy citizens asking for a new passenger station there. A delegation was present from Winston-Salem not directly opposing the double train service, but asking that if ordered, the extra trains from Greensboro to Mt. Airy be run via Winston-Salem. This proposition was opposed by citizens of Walnut Cove, Summerfield, Stokesdale, Belew's Creek and Greensboro, who contended that the extra service should be required over the line of the old Cape Fear & Yadkin Road from Sanford to Mount Airy. Argument showing the great need of better express and passenger facilities at Mt. Airy, Walnut Cove, Sanford and other points along the line were made. Supt. Hutchins for the Southern, contended that the present service was as good as traffic required, and to be forced to put on a double passenger service along the route proposed would work a great hardship on the railroad.

A brief hearing was given the Mt. Airy delegation asking for a new depot there, it being represented that present accommodations and facilities were grossly inadequate. When he adjourned the hearing Chairman Travis assured the nearly 100 delegates present that the commission would carefully consider matters and try to reach a conclusion that would be fair to the public and just to the railroad.

GAME ON CAMPUS.

Davidson Boy Scouts Defeat Barium Springs Orphanage Team.

(Special Star Correspondence.)

Davidson, N. C., May 19.—Davidson had the pleasure of entertaining about 20 boys from the Presbyterian Orphanage at Barium Springs today. The boys were accompanied by three of the teachers. The party was entertained in the homes of the Davidson Boy Scouts. This afternoon at 4 o'clock, they met on the Sprunt Athletic field where they engaged in a very interesting ball game. And although the visitors lost their game, they deserve congratulations, for they played a good game. The main feature of the game was the fairness of play on both sides, and especially should this be noted of the visitors, for they should be encouraged by all their good deeds. The management of the orphanage is to be congratulated for sending out such a manly lot of young fellows, and the institution should have all the support from the church that is necessary for its work.

For Weakness and Loss of Appetite The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

AFFAIRS AT SOUTHPORT

Wilmington & Brunswick Growing—Lightship Crew Off—Notes

(Special Star Correspondence.)

Southport, May 19.—Beginning with July 1st, the Wilmington, Brunswick & Southern enters upon a contract with the government to carry all freight between Wilmington and Fort Caswell, both ways. This has been going by water. The railroad people are pushing the completion of their pier to be ready for this business. The government will put on a steamer to run between the fort and the railroad pier.

Mr. M. C. Guthrie, left today for Greensboro, to attend the sessions of the Grand Lodge of Odd Fellows, which meets there this week.

Mrs. Harry Phelps has gone to New York city, to join her husband, Commodore Phelps, who is engaged in business there.

Mrs. Percy J. Lumley, has returned from a visit at Newbern where she attended the State Federation of Women's Clubs, being a delegate from the Civic Club of this city.

Mrs. Robert Stride is at Goldsboro, attending the Council of the guilds and auxiliaries of the Eastern Diocese of this State, which is now in session.

Dr. John B. Haight, Mrs. Haight and Miss Elizabeth, of Cincinnati, are again back to Southport, and their numerous friends are glad to see them.

Those who have attended Brunswick county courts will be surprised and greatly pleased to find that the Court House has been wired, and that the electric light takes the place of the kerosene lamp. More than the visitors, the county officials are rejoicing in the advance from the oil period of illumination.

Last Thursday and Friday Mr. Cluttier was here getting matter for The Wilmington Star Exploitation Edition. A committee from the Southport Commercial Association accompanied him about this place, also making a visit to Fort Caswell and out towards the Cape Fear bar. Southport takes an entire page in this edition of The Star.

The first rain of the month of May fell here on Saturday morning. The rainfall since April 1st has been below normal.

At midnight, May 31st, the crews of the Cape Fear and Oak Island lifesaving stations were given what was termed "an honorable discharge," that is, they take a vacation for the months of June and July, subject to any call for service that may arise. During these months, the stations will be "garrisoned" by Capt. Dunbar Davis, at Oak Island, and Capt. Sam L. Brinkman, at Cape Fear. If there should be a call upon the crews for services each man is paid $3 per day, or part of a day. The call is seldom made.

At her spacious and beautiful home on Bay street, Mrs. James W. Thompson, assisted by her sister, Miss Butler, of South Carolina, on Monday gave a most pleasurable "afternoon," complimentary to the visiting ladies at Fort Caswell and Southport.

The Shakespeare Club last week met with Miss Carrie Dosher at her home on Moore street.

Mr. Benjamin Drew, of Orlando, Fla., is here visiting his daughter, Mrs. A. J. Robbins.

It may be that the owners of livestock in this section, who are buying hay, corn and oats from Cincinnati, Chicago or some other Northern or Western markets, instead of raising these products on their own farms, can offer the same excuse as did the colored farmer near here, when a visitor on the steamer Wilmington, as the hay was being unloaded, and seeing this colored man with mule and cart waiting to get his bale of hay that was grown in the north, and had been hauled hundreds of miles, asked, "Can't you raise any hay on your farm for that mule?" The darkey slowly looked around at his questioner, and without the semblance of the humor in his reply, said: "Yes, boss, I can, but it does seem dat dat mule won't eat anything 'cept hit costs me money."

Kiel, May 20.—Five "one-year" volunteer soldiers of the German army and three German marines on a pleasure cruise are believed to have been drowned in a storm here last night.

NURSE HELPS YOUNG GIRLS

She Knew From Experience Just What Was Needed. Describes One Remarkable Case.

Watonga, Okla.—Mrs. Ida Bollinger, of this town, makes the following interesting statements for publication:

"I suffered for 20 years with womanly troubles, and in this time, tried several different treatments, but got no better.

"I finally got hold of a Ladies' Birthday Almanac, and read about Cardui, the woman's tonic.

"I had not taken very much of it, before I was entirely well.

"I do some nursing, and have given Cardui, the woman's tonic, to lots of women, with good results.

"I use this medicine a great deal in treating young girls. A young girl came to my house one day last Summer. She had taken cold at the wrong time, and was in a terrible condition. I went to the druggist, bought her a bottle of Cardui, and the third dose she took did the work.

"She is now entirely well.

"You may use my name in any way you desire, as I am anxious to do anything I can to help suffering women."

For more than 50 years, Cardui has been in widely extended use, by women of all ages, and has given perfect satisfaction, as a remedy for helping rebuild womanly strength and health.

Try Cardui yourself. It will help you. Your druggist sells it.

N. B.—Write to: Chattanooga Medicine Co.; Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.

RAILROAD MISCREANT IN TOILS.

Isaiah Sparrow Taken in Custody at Kinston—Evangelistic Meetings.

(Special Star Correspondence.)

Kinston, N. C., May 20.—Isaiah Sparrow, a negro who has given trainmen on the Norfolk Southern lines much trouble by tampering with angle-cocks, and other mechanism on cars, was arrested by Detective W. W. Morrison after he had caused the derailment of a locomotive and two cars on the northern division. Morrison had been watching the negro, and when the engine and cars, part of a freight train, were thrown off the track by a cross-tie laid across the rails, he singled Sparrow out of a gang and frightened him into committing himself to an extent which warranted his arrest. Sparrow had on a former occasion been shot at by a conductor when attempting to cause a wreck.

A series of open-air meetings in evangelistic work among the mill laborers of East Kinston has been begun by Rev. C. W. Blanchard, of the First Baptist church here. Sermons will be preached at two points in that part of the city each Sunday afternoon At the initial services, held on street corners, large audiences of the mill workers heard the minister, who is one of the Baptists' most widely known clergymen in the State. A choir from Pastor Blanchard's church has been enlisted.

WIND AND HAIL STORM

Much Damage in Chadbourn Section—Electrical Display Also

(Special Star Correspondence.)

Chadbourn, N. C., May 20.—This section was again visited yesterday by a severe wind and electrical storm. In several places near town considerable damage was done. Mr. A. F. Coultas, one of Columbus county's most prosperous farmers, lost his entire cotton crop by hail, and his barn was blown down. Mr. Jack Caps lost practically all of his cotton and tobacco. Reports come from every direction of heavy losses and not a few farmers will have to re-set tobacco and replant cotton.

Are You Interested in the proper treatment of

TUBERCULOSIS

Treating diseases of the respiratory organs is something that requires care and perseverance.

Plenty of fresh air, nourishing food of certain diet, and a moderate mode of living is essential.

In addition, a preparation that will do much in aiding to arrest the disease and build up the system is—

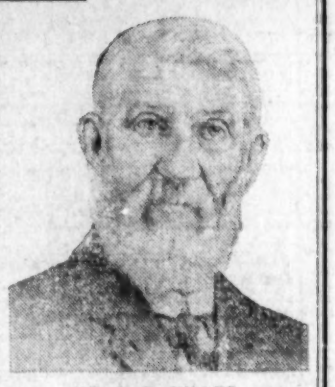
Bowels Get Weak As Age Advances

The First Necessity is to Keep the Bowels Gently Open With a Mild Laxative Tonic.



MR. O. P. MILLER.

Healthy old age is so absolutely dependent upon the condition of the bowels that great care should be taken to see that they act regularly. The fact is that as age advances the stomach muscles become weak and inactive and the liver does not store up the juices that are necessary to prompt digestion.

Some help can be obtained by eating easily digested foods and by plenty of exercise, but this latter is irksome to most elderly people. One thing is certain, that a state of constipation should always be avoided as it is dangerous to life and health. The best plan is to take a mild laxative as often as is deemed necessary. But with equal certainty it is suggested that cathartics, purgatives, physics, salts and pills be avoided, as they do but temporary good and are so harsh as to be a shock to a delicate system.

A much better plan, and one that thousands of elderly people are following, is to take a gentle laxative-tonic like Dr. Caldwell's Syrup Pepsin, which acts as nearly like nature as is possible. In fact, the tendency of this remedy is to strengthen the stomach and bowel muscles, and so train them to act naturally again, when medicines of all kinds can usually be dispensed with. This is the opinion of many people of different ages, among them Mr. O. P. Miller, Baroda, Mich., who writes: "I am 80 years old and have been constipated for many years. Since receiving your sample bottle I have procured two 50c bottles, and find that it is the best remedy I ever used and does just what you claim for it to the very letter. I can not recommend it too highly."

A bottle can be bought of any druggist at fifty cents or one dollar. People usually buy the fifty cent size first, and then, having convinced themselves of its merits, they buy the dollar size, which is more economical. Results are always guaranteed or money will be refunded. Any elderly person can follow these suggestions with safety and the assurance of good results.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

LADIES

THE MORNING STAR

WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

Wednesday, May 21, 1913.

People who know the least are the most sensitive.

"A pretty romance" sometimes ends in an ugly predicament.

It is better to get up your spirits than to down your spirits.

Some men cultivate a quiet exterior till they get out of sight.

Well, there's nothing to keep a duck suit from being worn out on a lark.

The man who "does things" is often afraid to tell it. He might get pinched for it.

The ocean roars with laughter at the thought that the seaside season opens in ten days.

Of course, the best ability is reliability. The world puts trust only in the trustworthy.

Criticism aimed at bettering a condition is a boost. Carping by disgruntled individuals is malice giving voice to itself.

A New York dressmaker guarantees a fit for $150. No necessity for a guarantee. The old man would have a fit without it.

Women should learn to support themselves so they won't be up against it when the bread-winner is down and out.

Judging from the pictures of two of the chief witnesses in the Thaw bribery case, they were having a bitter experience about the time the photographer caught their mugs.

Since the Chautauqua circuits are tiring of addresses by politicians, vaudeville seems to be the only thing open to a Senator or a Congressman who wants to see the country.

A hefty guy who can knock, duck and side-step is less liable to be assaulted than a mollycoddle. A country with a big navy is not so liable to run up against a diplomatic bluff as a nation which floats its flag over a few old hulks.

A writer in the June American magazine inquires: "Is the automobile making us fat?" Fat, nothing. We're only getting puffed up a bit—that is, those of us who can hold on to our machine till we get it paid for.

The consumer is interested in unrestricted supply. The producer is interested in restraining over-production so he won't have the brunt to bear. Trusts are interested in restraining trade with producers and consumers alike.

While in England Dr. Anna Shaw told the militant suffragettes that "women now have 57 electoral votes in the United States." Sh! That is calculated to exaggerate the hope of our English sisters or induce them to emigrate to the United States.

Owing to the age and growing feebleness of the Confederate Veterans, the parade will be less a feature at the Chattanooga reunion May 26th to 29th. Judging, however, from the pictorial pages of the press, there will be a moving picture show of beauty during the reunion.

Wall Street fears that times are going to be hard, with little prospects for investments. If stocks go begging, let the investors come South and finance its profitable agriculture. There is always an opening, if a fellow will only look around and not try to do business on only one street.

Unless North Carolina farmers will cater to our demand for beef, mutton, pork and butter, we will be compelled to hunger after the flesh pots of Australia and Argentina. However, it will be a shame to make us send our money clear out of the United States for products that we can produce right at home just as well.

The farmer can sell everything he makes if he can get it to market at reasonable cost over an improved rural highway or a railroad. Hauling over a bad road is more expensive transportation than that over a railroad. The farmer is interested in all kinds of transportation for the reason that production is worth nothing to him if he can't reach the markets to supply the demand for his products.

A woman sprung the question of a vacation on her husband and he appeared gratified that he had saved the money for her trip. After he gave her the money, she said she would save it by staying at home all Summer so she could go to the beach every time he went. Now, therefore, the gentleman has double cause for gratification unless he is one of those men who resolves to struggle against gratification of all kinds.

TRYING TO GET LOADED "COPY".

A man who says a great many things is bound to say a great deal that he ought not to say. Nevertheless, when a man is placed in position of grave responsibility he learns for the first time that it is quite necessary to weigh his words more carefully.

When Col. Bryan became Secretary of State, he started off like he was going to be "the Secretary of Statement," but the Baltimore American, which got that idea should now observe that the Secretary of State is not so ready to give out statements without considering the possibility of putting his foot in it, while being perfectly honest in his opinion.

Secretary Bryan started off by saying things as Col. Bryan but he soon learned that in a position of high authority he had to be tactful and even adroit. Indeed, he has been compelled to adopt a reserve that goes against the grain. For instance, here is a Washington special sent to the New York Tribune a few days after the Secretary of State returned from his ambassadorial mission to the California Legislature, concerning an international matter that may yet have very grave consequences:

"William Jennings Bryan, 'boy orator of the Platte,' member of Congress, three-time Democratic nominee for President, globe trotter, responsible for President Wilson's nomination at Baltimore and now Secretary of State, has furnished the press with more 'copy' than any other American except Col. Theodore Roosevelt. He admits it. Explaining that he naturally chafes under the restraint of the secrecy surrounding his present office, Secretary Bryan confessed this afternoon to the newspaper men, who politely complained about his silence on matters of State, that he regarded himself as second only to Col. Roosevelt as a news source."

No doubt it irks Secretary Bryan not to be able to furnish the newspaper boys with live "copy". However, it is absolutely necessary to cultivate reserve and practice secrecy under such grave circumstances. Note, however, the reckless journalism indicated by the fact that the representatives of the so-called "great" newspapers of the United States actually infest the State Department to secure and make public State secrets that no patriotic newspaper should be guilty of publishing. They are after getting a scoop on secrets that may bring disaster to the orderly negotiations and diplomatic exchanges between their country and other nations.

The irresponsible, reckless custom of the "great" papers of this country is indicated by the fact that Secretary Bryan recently had to request the Washington correspondents to be cautious how they discuss the critical matter which the State Department is attempting to adjust with honor to their country and satisfaction to a powerful Nation with whom it is good policy to cultivate friendship. What do the newspaper men care, however? If any one of them could get a scoop he would fire it into his paper whether it broke off negotiations with Japan or precipitated this country into a war. Quite naturally, therefore, Secretary Bryan has to be very careful in making statements to men with so little judgment or with such positive indifference to results, just so they get "hot stuff."

"Jouranlism", as she is practiced in this country, is liable to place the Nation at a great disadvantage. Recently when an ordinary routine shipment of military supplies was made from San Francisco, it was exploited in the press as significant of the controversy with Japan. If a state of war had existed it would have been all the notice Japan needed to head off the supply ship and blow it out of the waters, as it had to sail right in their face on the Pacific.

Caution, therefore, is necessary. A perfectly reckless press makes it necessary. That and other incidents prove it. The press actually will print stuff that would give away their government's secrets. Is it because the press doesn't know any better or because it doesn't care for the consequences just so it gets front page "copy" and scare-head matter? It takes all the reserve and caution the State Department can exercise to keep its secrets from leaking out through the sensational newspapers of the United States. Their correspondents are there begging for international secrets just as if they didn't know it was loaded—just as if Secretary Bryan did not know any better than to give the kids a box of matches to be used in their play under the house.

We venture the assertion that wild and injudicious publication of national secrets would never appear in the Japanese press, much less in the press of the cautious and judicious powers of Europe. Secretary Bryan has to be cautious because American newspapers are not. Verily we are primitives.

EDUCATED FOR A PURPOSE

The Star is glad to hear of the fine prospects of a young Wilmingtonian in whose education there is a fixed purpose in view. The young man to whom we refer is Mr. C. G. Hall, who will soon finish his course in the textile department of the North Carolina College of Agriculture and Mechanic Arts. There was design in his education and he will go forth from that institution to take a fine position with one of the largest textile mills in New York State.

The Star recently referred to a lot of sample textiles designed and turned out by the student class in the textile department. They were beautiful fabrics and were such excellent productions of the textile art that we commended that work in the one North Carolina College where a young man can educate himself into a vocation that will start him upon an immediate career. A technical education gives a young man something that cannot be taken away from him so long as he retains his faculties and keeps on the job.

It gratifies The Star to mention young Mr. Hall in this connection, for we believe that such practical and valuable training as he has had is one of the needs of the country and certainly is an acquisition for a sturdy and intelligent young man. Education for a purpose, for a design, for a vocation, cannot be too often stressed in our Southern States, and Mr. Hall's example affords us a fine opportunity to emphasize it by pointing to his example and his prospects.

Mr. Thomas Nelson, director of the A. & M. textile department, wrote us on Monday expressing appreciation of what we said about the fabrics turned out by the young men of the senior class. At the same time he took occasion to remind us that the young Wilmingtonian would be one of the graduates of the department in a few weeks. Referring to the position which Mr. Hall is to get after he graduates, Director Nelson writes:

"We had a request recently from one of the largest mills in New York State for a young man as cost accountant. Mr. Hall was offered the position and accepted it. Coming, as this does, from a Northern State, I feel that our work is being recognized more throughout the country. In fact, during the past year we have had more inquiries for young men than ever before."

The demand for such young men will keep on growing, too. There always will be a demand for the young man who is trained, the young man who keeps a level head, and the young man who has an aim and is equipped to make a hit. Inquiries from industrial establishments for young men trained at a North Carolina college shows that its work is known on its merits, but the chief thing it shows is the broad scope it gives to the educated, trained young man. It gives him universal opportunities. He can land at home or far up North.

Newspapers carry whole columns about the twirlers and batters, but we don't begrudge the expert ball player his space. We write article after article about the politician and the statesman, and if they measure up to it, all is well. However, we consider that the young man with technical knowledge, skill and purpose is entitled to a whole page if it is necessary.

The A. & M. ought to keep in touch with its graduates who are making good everywhere. There are many of them. They have even gone from college to foreign countries and carried their vocation with them. Vocations get a job from the start most anywhere. A young man who is trained for one special vocation, and knows how to do other things besides, has more chances than some other equally intelligent young man. Give us more of them.

DEATH OF MR. FLAGLER.

The death of such a man as Mr. Henry M. Flagler is a loss to the whole country, but it is a distinct loss to Florida and in a general way to the South. Mr. Flagler died yesterday at his home in West Palm Beach, Fla., at the age of 83 years.

Very few men of Mr. Flagler's age have continued to do things that he did, even up to the time that he had a fatal fall several weeks ago. Years ago Mr. Flagler was known mostly as one of the "Standard Oil magnates". He was not only a man of great wealth, but he had fine executive ability and was one of the country's ablest financiers. He was concerned financially and individually in many of the country's greatest undertakings, but his own work as a constructionist is his greatest monument.

Mr. Flagler achieved by himself more than many groups of men of great wealth. He had the ability to conceive and carry out great undertakings on a scale that would stagger the average constructionist. He spent millions of dollars in hotels and development work in Florida, and to him more than to anyone else is due the fact that Florida was able to become the Winter mecca of America. However, the monumental work that will perpetuate his name is the Florida East Coast Railway, and its overseа extension to Key West. It was a conception of great magnitude and its execution involved marvellous engineering achievements and huge construction plans and execution.

Mr. Flagler's wife, who survives him, was Miss Mary Lily Kenan, daughter of the late Capt. William Rank Kenan, of Wilmington, and she has many relatives and friends in this city and throughout North Carolina, who condole with her. Even though Mr. Flagler had reached an age when little could be expected of him as a developer, his loss will be seriously felt by Florida and the South. The great railroad property, which he leaves as a monument of his own genius and construction, while a notable Florida enterprise, gives the South such a strategic commercial advantage that only the future will reveal its full magnitude. The South has every reason to deplore the death of a man who practically became a Southerner and builded the South as no other man has ever done on a similar scale.

CURRENT COMMENT.

—Mr. R. L. Shuford, a leading dairyman and stock man, of Catawba county, this week shipped six fine Jersey cows to the State experiment farm at Willard, Pender county.—Charlotte Observer.

The advice of Rev. Dr. McClure given to the graduates of Peace institute Sunday that "women will always find the greatest joy not in following after the things of the world, but in making her home a place of refinement," is sound, and many women of today would perhaps lead happier lives and make more pleasurable the homecoming of their husbands if they pursued such a course.—Greensboro News.

Secretary Daniels, of the Navy, is developing into a fine speaker as well as writer. His speech at Washington, N. C., today on the occasion of his birthday would do credit to even Mr. Bryan. Incidentally it might be noted that he is making a success in his new calling and is making the drones and other would-be nabobs sit up and take notice. He is running the department on strictly business principles.—Greensboro Record.

President Wilson is said to have praised unstintedly the magnificent work of Senator Simmons in marshaling the Democratic Senators in almost solid phalanx on the first tariff test vote. Mr. Simmons carried every Senator with him except two and won a splendid victory. For a man who "is not a Democrat" he is making a record remarkably brilliant.—Charlotte News.

COUNCILMAN JONES ON SALE OF "NO TAX"

Wilmington, N. C., May 20., 1913.

Editor Star: I notice in your issue of this morning a communication from Mr. B. C. Moore, in which that gentleman takes exceptions to my version of the "No Tax" proposition, which appeared in yesterday afternoon's Evening Dispatch. In my communication to the afternoon paper, I merely stated the facts of the case as they actually existed, and not as some people would have them appear, hence Mr. Moore has been pinched and has found it necessary to make some distorted observations. While I have not sought a newspaper controversy with anyone, I wish to say that I fear nothing from Mr. Moore's pen, neither do I apprehend any difficulty in meeting any argument which he may have sufficient mentality to produce.

If the gentleman desires a rehash of his administration of the police department, I shall gladly accommodate him, but with the understanding that the veneering which has been placed upon his official acts shall be removed, in order that all citizens may be informed or the facts as they actually existed, and not as they have been pictured to be by those favoring his political regime. Taking the vote cast at the primary on April 22nd as a basis for the conclusion, I am led to infer that Mr. Moore's administration and political policies have not been favorably accepted by a large majority of our citizens. The criticism that I have strangely taken up the defense of cool drink dealers, and that they were frank in approaching me about the sale of this beer, is answered by the remark that I am, as a Councilman, endeavoring to represent all classes of our citizens, which position on my part seems to have been appreciated by the parties who approached me.

The vote cast on April 22nd, or rather the vote that was not cast for Mr. Moore, should convince that gentleman that tolerance and broad-mindedness should govern the actions of every public official in dealing with questions affecting the welfare of his constituency, and while I am a member of Council, it will be my purpose to fairly represent every citizen of this community, whether they be friend or foe, and without regard to whether particular elements of our people share my private and political views upon any question that may come up for consideration.

Getting down to the "No Tax" proposition, I reiterate that the chemical investigation of the right to sell this beverage was originally brought about by the dealers themselves. As every intelligent citizen knows, this beverage cannot be legally sold if the analyses showed any trace of alcohol, hence there was no necessity for a legal opinion from the county solicitor or anyone else. A day or two after I came into office, a responsible party told me that beer was being sold on Front and Fourth streets, which information I immediately conveyed to the chief of police, with directions to investigate. The same evening, the chief informed me that he had secured a bottle of the beverage, which he would have analyzed. The next day several dealers inquired of me if they would be permitted to continue the sale of this beer, which they stated was non-alcoholic. These parties stated that they had stopped the sale as soon as the police department had called upon them. One of the parties visited the Mayor with me and the chief executive informed us that he had taken the matter up with the county solicitor, who would have it analyzed by the city chemist. No report having been made by the city chemist, several days having elapsed, the same party again called with me upon the Mayor, who told us that the beer had been sampled by some one before action had been taken by the solicitor. The dealer offered to order a sample by parcel post, which the Mayor stated would be highly appreciated. A bottle, however, was secured elsewhere and the sample again sent to the Mayor for analysis. After several samples had been submitted, the beer finally reached the city chemist, pending whose investigation the dealers refused to accept shipments which had been sent on orders placed with the brewery some weeks ago.

I am merely stating these facts for the reason that they are the facts, and for the additional reason that justice should be done everyone connected with the investigation of this matter. I will say as a fact, based upon reliable information, that "No Tax" beer, alcohol ciders and Jamaica ginger has been openly sold here for many months, without any chemical investigation of these beverages being made by anyone. If the dealers were not sufficiently friendly to Mr. Moore to advise him of the sale of these beverages, it became his duty to ascertain the facts for himself, and he has no right to complain of the fact that I have unearthed conditions as they have actually existed. My communication to the Dispatch was merely for the purpose of showing that no legal opinion had been necessary and that no arousing of the police department had been required, the dealers themselves having begun the investigation and having cheerfully furnished samples for chemical analysis.

If what I have done and said about the matter pinched Mr. Moore, the blame rests upon himself and not upon the present administration.

Yours truly,
W. F. JONES.

Cockroaches Rats and Mice

Nothing is more disagreeable than a home infested with vermin. Destroy them with Stearns' Electric Rat and Roach Paste, the standard exterminator for thirty-five years.

It kills off rats, mice and cockroaches in a single night. Does not blow away like powders; ready for use; nothing to mix. The only exterminator sold under an absolute guarantee of money back if it fails.

Sold by druggists, 25c and $1.00 or sent direct, charges prepaid, on receipt of price.

IMPORTANT MEETING TODAY

City Council Will Consider the Health Department Budget—Also Councilman Wood's Tax Ordinance Comes Up

The regular weekly meeting this morning promises to be one of the most important of the several sessions that have been held by the present City Council. The meeting will be featured with a consideration of the health department budget for the fiscal year beginning June 1st, which has already been approved by the County Commissioners, while another matter that is also of far-reaching importance is the ordinance introduced by Councilman Wood at the last regular meeting providing for a tax on the gross receipts of companies operating gas and electric plants and street railways in the city.

The budget as prepared by the County Board of Health for the health department was slightly increased by the County Commissioners. It is not probable that the City Council will follow suit. On the other hand, it is reasonably certain that the budget will be materially decreased if the Council has the right to disregard the various salaries fixed by the County Board of Health. There is a question, it is said, of the Council's power to tamper with the budget insofar as the salaries are concerned. One attorney, whose advice may be sought before Council takes action, stated a few days ago that while he had not read very carefully the bill consolidating the city and health departments he was of the opinion that it provided that the County Board of Health "shall" elect the superintendent of health and such assistants, servants and helpers as are necessary to carry on the work of the department and to fix their salaries. He said that if his recollection of the wording of the bill was correct that the Council would have to make the appropriation according to the budget, so far as the salaries are concerned.

However, several members of Council have maintained and still maintain that the municipal body has a right, if it sees fit, to say that the salary of this person or that person is too high and decline to make an appropriation for more than the amount deemed by them to be sufficient compensation. They say also that the law gives them the right to reject any item in the budget on the ground that it is unnecessary, therefore, in the event the Council should deem the services of either the assistant superintendent or the city and county physician unnecessary the body could just simply not make any appropriation to cover the salary of such an official. Members of Council say that the law specifically gives to the City Council and County Commissioners the right to cut the budget if either body should deem any of the items not necessary and to shave down other items that are thought to be too high.

Several members of Council favor shaving down the budget considerably, but whether a majority, or as many as three members, feel that way about the matter remains to be seen at the meeting this morning. One member stated at an informal conference of the board a few days ago that it appeared to him that the Council would have to "use the scissors" on the budget and trim it to what was considered by him a more reasonable amount.

Chairman M. S. Willard and Dr. Chas. T. Nesbitt, superintendent of health, may be present to explain to Council each item in the budget, so that the Council may be fully informed when it takes action regardless of what that action may be. It is understood that Chairman Willard takes the position that the Board of Health has done its duty in the premises and so has the County Commissioners and that if there is a shaving of the budget to the extent of interfering with the efficiency of the health department the responsibility will rest entirely with the city officials.

The ordinance introduced by Councilman Wood at the last meeting with reference to taxing the gross receipts of gas and electric plants and street railways, both urban and interurban, will likely come up for further consideration today. The Tidewater Power Company is the only corporation that would be affected by the ordinance should it become a law, for it owns the gas and electric plants and street railway system. The ordinance provides for a graduated tax from 3 per cent on gross receipts up to $300,000 to 10 per cent on $100,000. It is stated that a few minor changes have been made in the ordinance since the last meeting, but in the main it stands the same as when first offered. Councilman Wood submitted the draft to ex-Judge E. K. Bryan, who on June 1st becomes city attorney for the ensuing two years.

The statement was made a few days ago that the ordinance would very probably pass, as at least three of the five members had expressed themselves in favor of it.

Mr. Hugh MacRae, president of the Tidewater Power Co., has requested the privilege of appearing before the Council and presenting the company's argument in opposition to the measure before it is put to a vote. The privilege will be granted, it was stated. The ordinance, if passed, will make a big difference in the license tax that the Tidewater Power Co. will pay to the city, as now it pays only $1,200 a year. Of course, the Tidewater Power Co., would likely fight the case through the courts if the tax as proposed is exacted by the city.

Minor Civil Cases.

Justice Bornemann yesterday heard several minor civil cases, chief of which was a suit by Fannie Gaither vs. Garnet D. Hargrove, colored parties. The plaintiff alleges that the defendant was to sell property for her, for the sum of $1,150, and that she turned over $1,050 to her, stating that it sold for that sum. Duncan Little, purchaser, testified that he paid $1,150 for the property. The amount of the suit was $96.25, and judgment was given, appeal being taken. Morris Levy & Co., sued H. Gideon for $200 for goods bought, and obtained judgment; Clarence Howard sued Ben Brittain for $14, chauffeur's wages, and secured judgment, appeal being taken.

Would be Less Complaint

Statesville Landmark, 16th: "The New Hanover county ex-chaingang superintendent, who has been sentenced to a year's duty on the road force which he formerly bossed, has been hoist by his own petard, so to speak. Anyway he will know how it feels to work on a chaingang. If every convict boss had to work for a season in the ranks there would be less complaint of cruelty to convicts."

Great Pathe Weekly.

Be sure to see it at the Grand Theatre today. This and two other big feature films for this afternoon and evening. (advertisement.)

INDEPENDENCE DAY OBSERVED

Anniversary of Mecklenburg Declaration Celebrated by Great Numbers of Wilmington People —Flocked to Beaches

Charlotte herself, home of the Signers, could not have observed May 20th with more enthusiasm than Wilmington people did yesterday. Perfect weather, big crowds in holiday mood, and doings that held interest of some degree for everybody, marked the anniversary of the signing of the Mecklenburg Declaration. Banks, offices and other places of business were closed and the day was very generally observed throughout the city.

The two outstanding features of the occasion were the celebration by the Wilmington Light Infantry, of the 60th anniversary of that famous military organization, at Wrightsville Beach; and the celebration of the 60th anniversary of the founding of the Junior Order, United American Mechanics, at Carolina Beach. Large crowds attended both events. At this rate, July 4th will have to look to its laurels lest the State holiday, commemorating the first and the original message of defiance from American patriots to Great Britain, displace it as a great patriotic occasion.

Featuring the celebration by the W. L. I. were the annual competitive company shoot for a medal, beginning in the morning and continuing well into the afternoon, the annual shoot between teams representing the Reserve Corps and the company, in the afternoon, and the competitive drill on the ball room floor at Lumina last night, followed by a dance in which more than 100 couples participated.

In the company shoot Burkhead won the medal, his score being 20 out of a possible 25. The Reserve Corps won from the company by one point, the score of the former being 90 and the latter 89. Last night in the competitive drill Sergt. Louis B. Orrell won the cup, which has been held the past year by Mr. R. H. Grant.

Scores made in the company shoot follow, all being out of a possible 25:

Cantwell, P. L., 19; Munroe, B., 9; Williams, 10; Watters, J. P., 19; Powell, 18; Orrell, E. D., 15; Vaughn, 9; Swain, G. T., 9; Turner, "Tinky", 17; Lewis, R. B., 10; Orrell L. B., 18; Galloway, 19; Loring, D. W., 9; Hayden, 2; Smith, G. W., 12; Meyers, 11; Burton, E. T., 4; Moss, James, 12; Strause 12; Westbrook, 14; Council, 18; Kelly, W., 6; Houston, R. M., 17; St. Amand, 15; Betts, 15; Jones, 15; McB. Wilson, 13; Stein, 5; Hiller, 11; Bellois, 10; King, R. J., 13; Bishop, 11; Grant, R. H., 15; Farrar, J. H., 9; Shubrick, 11; Davenport, 7; Fenley, 8; Hall, 8; Fillyaw, 2; LeMoyne, J. M. 2; LeMoyne, 0; Lynch, C. B., 17; Walker, W. L., 10; Metts, E. A., 12; Lynch, 10; Burkhead, 20; Bell, Z. K., 17; Sternberger, 4; White, J. L., 17; Grant, R. O., 8; Shepard, 8; Heinsberger, 21; Cooper, 14; Fisher, W. L., 16; Sweet, 8; Whitney, 4; Grant, W. F., 13; Holmes, J. H., 10; Everett, 6; Kelly, R. C., 5; Davis, J. H., 11; Willson, 15.

The following are the scores in the contest between the Reserve Corps and the company: Reserve Corps—Willard, Payson, 21; Walker, 16; Cooper, 17; Bell, 17; Heinsberger, 19; total, 90. Company—Orrell, 18; Galloway, 19; Watters, 17; Burkhead, 19; Cantwell, 16; total, 89.

About 1,500 people, the largest crowd, it is said, ever seen at Carolina Beach, attended the Junior Order event, the steamer Wilmington making three round trips during the day and evening, the last ending after midnight. The day was delightfully spent and there was not an incident that was unpleasant. Athletic doings, dancing, music, basket picnic dinner and other things combined to make the outing a decided success. Whole families went down, and the young and the old and everybody had a good time.

Prize winners were: C. J. Edwards, running race, $2.50; second prize, Ransom Ennis, $1; Standing jump, R. B. Cannady, 8 feet 9 inches, $1; running jump, C. J. Edwards, 14 feet 6 1-2 inches, $1; ball throwing, J. C. Morse and W. B. Register, tie, final outcome, J. C. Morse, prize $1. The best looking young lady was decided to be Miss Sadie Lindquist by the committee composed of L. O. Smith, C. B. Webb and G. C. Simmons, the award being $1. The finest baby was Wm. J. Eagles, Jr., prize $1; and it was unanimously decided that Commissioner W. E. Yopp was the ugliest man present and they presented him with a dollar, and putting him on the stage with the prize baby in his arms, a combination of the ugliest man, the finest baby and the most beautiful lady was presented. The most popular young lady proved to be Miss Cora Ennis, who received 229 votes, and received a five-pound cake. Votes were sold at 5 cents each, and the total votes brought in $17.

PRESIDENT WILSON'S WAY

How the President Accommodates Congressmen

The Newbern Journal of recent date had the following, editorially:

"It is worth while to call attention again to President Wilson's way of permitting Congressmen to control patronage in their respective bailiwicks. For example, there was the matter of naming a postmaster for the city of Wilmington. The President recognized the propriety of allowing Representative Godwin to have some 'say-so' in the matter. So he called Mr. Godwin to him and informed that statesman that the President would be very happy if Mr. Godwin would recommend H. McL. Green for the place. Mr. Godwin readily acquiesced. And as soon as President Wilson learned of the recommendation of the Representative he showed his approval of the principle of allowing Representatives to control the patronage in their districts by promptly naming the man recommended by Representative Godwin.

"Talk about breaking precedents! Why, the President is bound hand and foot by them. For is it not an established precedent to allow Representatives to name the postmasters in their districts?"

FLESH-FORMING FOOD

When you buy a package of Samose, the great flesh-forming food, weigh yourself and see how much you gain in the first week's use. J. Hicks Bunting Drug Co., will tell of many of their customers who a month or so ago were thin, pale and haggard, but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run-down and without appetite.

VEGETABLES OPENING UP

Peas Being Shipped and Beans Will Begin to Move This Week—Chadbourn Still Making Shipments of Berries.

Although the more northern berry growers are unloading large quantities of strawberries on the markets of the large cities, which are almost at their doors, thus lowering the ruling prices, Chadbourn is still in the ring, it seems, for Monday she sent out 14 cars, and will like furnish about 75 cars this week, for there are plenty of berries left.

The idea several days ago was that the market had reached a point, under influence of big Virginia, Maryland and Delaware shipments, that would make it unprofitable for the Carolina growers to continue shipping. The W. & W. road territory sent out two cars Monday and may send out several more before the week closes.

A few peas are being shipped in berry cars, and beans will begin to move the last of the week. Prospects for this crop are not as good as they have been. Continued dry weather, following several severe cold snaps earlier, has operated to curtail the yield. In this section it is expected that the crop will be about two-thirds, but around Goldsboro the movement will be much smaller than usual, one statement being that the crop would hardly be more than one-fourth of normal; another that generally the crop would not average over 50 per cent. Cucumbers and tomatoes will follow after the beans in no great while.

LLOYD HAYES CAPTURED.

Caught by Whiteville Officers Yesterday Afternoon.

Late yesterday Sheriff S. P. Cowan received a message from the chief of police at Whiteville, Columbus county, stating that his officers had apprehended Lloyd Hayes, who is wanted here on the charge of severely cutting Frank McCartney Sunday afternoon at Greenfield Park.

Constable John Davis and Detective H. Mack Godwin went to Whiteville Monday, with a warrant for Hayes, it being supposed that he was making his way into that county to get to the home of a kinsman six miles from Whiteville, but no trace of him was found. The warrant, issued by Justice Harriss, was left with the officers, and they were on the lookout for Hayes.

Two brothers of Hayes, Neil and C. E. Hayes, charged with being implicated in the affair Sunday, were arrested Sunday afternoon and held until they gave bond in the sum of $150 each. McCartney's wounds were dressed at the Harper Sanitarium Sunday evening and he was able to go to his home immediately afterward. While the other two brothers are charged with participating in the trouble, it is charged that Lloyd Hayes is the man who actually cut McCartney.

Mr. Brice, of the Greenfield Park interests, is very much interested in the case because it occurred, not on, but near, his park reserve, and he and his associates are determined to have order there or spend a lot of money trying to keep the place pleasant and safe for the public. They are anxious for the public to understand that they expect to have order at the park, regardless of expense.

Although Constable Davis and Detective Godwin returned from Whiteville without bringing Lloyd Hayes with them, they did not return empty handed, for they came with Joe Williams, a negro who is charged with stealing a bicycle belonging to James McMichael at this place last Thursday. He was captured two miles from Whiteville, and is to be tried this morning. The wheel was recovered in a local pawn shop yesterday.

Hayes was brought in last night by a Columbus county officer.

CAROLINAS LOSE GOOD MEN.

Messrs. I. O. Schaub and W. L. English Go to 'Frisco System.

Mr. E. N. Clark, agricultural and immigration agent for the A. C. L., back in his office after several weeks' absence on account of illness, yesterday received a letter from Mr. I. O. Schaub relative to that gentleman's decision to go with the 'Frisco system, announced several days since in Raleigh dispatches. Mr. Clark expressed regret that the State is to lose so useful a man as Mr. Schaub, stating in connection with it, that South Carolina is to lose Mr. W. L. English. Both Mr. Schaub and Mr. English have had a large share in the promotion of modern agricultural methods in the Carolinas and to them is due much credit for the wonderful progress that has been made in recent years.

Mr. Schaub has represented both the Federal and State Departments of Agriculture, having in charge the boys' corn club contests, and from the A. & M. College has been doing the same work that Mr. English has done from Clemson College, in South Carolina. Mr. English goes with Mr. Schaub to the 'Frisco system, and both will have direction of the agricultural interests of that railway. Mr. Schaub is to be in Wilmington a few days before he gives up his work in the State.

Mr. Clark, discussing trucking this Spring, said yesterday that the lettuce crop had been a fine success here, bringing in a big sum of money, and declared that no finer strawberries grow than berries now coming on the local market.

RAN GAMBLING HOUSE?

E. H. Southerland Indicted on Charge of Conducting One.

On a warrant charging him with conducting a gambling house and engaging in games of chance, E. H. Southerland was arrested yesterday morning at 10:30 o'clock and released on bond in the sum of $100 with himself and E. B. Snipes as surety, for his appearance this morning at 9:30 o'clock in the Recorder's court.

For several days it has been rumored that something would "break" along this line of police activity, but until yesterday nothing had happened. It is hinted that there will be other arrests. Stories of nice little wads of money being lost have floated around. One man is said to have lost $90 one night recently, while others are reported as having been trimmed for much larger amounts.

It is said by the police that the gambling place it is alleged Southerland conducted, was upstairs at No. 111 Chesnut street, opposite the postoffice. The place has been watched for a week or ten days by both plainclothesmen and uniform police, following information which reached Mayor Moore and Chief of Police Fowler.

Son of Mr. Meadows Dead.

George Meadows, eight-year-old son of Mr. Alonzo Meadows, of Wrightsville Sound, died last evening at 6:45 o'clock, and the funeral will take place today, interment being in Wrightsville Sound graveyard.

"ON TO WRIGHTSVILLE BEACH"

Families Already Moving to the Pleasure Grounds and Visitors Getting Ready to Come—Open in Ten Days.

It is now just ten days till the opening at Wrightsville Beach, an event of vast interest to the city folk and to tens of thousands of people all over the Southern and Southwestern States. Preparations at the beach are being rushed to have everything in apple pie order for the grand event. Many new cottages have been built for this season and the hotels have made extensive additions and repairs. New board walks have been laid and other improvements put through. Lumina, larger and more delightful than ever before, will doubtless astonish the visitors of other years when they see it.

Quite a number of cottagers have already moved to the beach, some from a distance, others from the city; and during the coming week many more will set up for the Sumer in the pleasant little village beside the sea.

The season will certainly prove to be the biggest in every way that the beach has ever known. The number of visitors will doubtless show a very large increase over that of any Summer in the past. Preparations for caring for a big increase have been made. The list of conventions of various commercial and social bodies is long and meetings are scheduled for dates scattered well throughout the season.

Wilmington people, of whom more and more visit the beach with each succeeding Sunday, are looking forward with pleasant anticipation to the opening of the season, for the beach occupies a large place in the social life of the city.

The hotel people have completed their arrangements and have selected their staffs. Manager Chas. E. Hooper, of the Oceanic, is on the ground, as is Capt. Edgar L. Hinton, of the Seashore; and Mr. H. W. Foss, the new manager of the Hanover Inn, is expected immediately. He has been at Arcadia, Fla.

THE RECORDER'S COURT

Ed. Highsmith Convicted Under Search and Seizure Law

The Recorder yesterday announced his findings in the case against Ed. Highsmith, colored, charged with selling whiskey, finding him guilty and sentencing him to three months on the roads. Highsmith was tried several days ago, under the provisions of the new Statewide search and seizure law, but the court withheld decision until yesterday, in order that he might carefully look into the law, this being the first case in Wilmington, under the new statute. Several weeks ago the police discovered that 15 gallons of whiskey had been delivered to Highsmith's address in three separate packages, in one day; and a search and seizure warrant was issued. The officers found over five gallons in pint bottles, hidden in the piano. Highsmith appealed from the sentence and gave bond in the sum of $100. L. Clayton Grant, Esq., defended him.

B. Lawhorn, colored, charged with vagrancy, and tried Monday, was turned over to the county physician, Dr. MacMillan, for examination as to his physical ability to work; and yesterday morning the physician stated that he was perfectly able to work, and the court gave the negro 30 days. The officers think he has been selling whiskey. Other cases in which judgment was passed are Louis Payne, assault and trespass, costs in two cases; Carl Bryant, no light on motor car, costs; Martha Sloan, disorderly, $5 and costs.

The peace warrant proceedings against seven citizens, instituted by J. S. Ramos, will be on tomorrow's docket.

SEARCH AND SEIZURE.

Gus Brindle and Ross Kennedy Indicted Under Whiskey Laws.

On affidavits made out by Mr. H. Mack Godwin, a private detective, Gus Brindle and Ross Kennedy were indicted yesterday on a charge of having received more than five gallons of whiskey in four weeks, the affidavits being based on the express records of shipments received. It will be in evidence that Brindle signed for about 16 gallons of whiskey during this month, same being delivered at 11th and Market streets, and that Kennedy has signed for between 15 and 20 gallons snce May 1st, delivered at his residence, No. 109 North 12th street. Officers made search of both places, finding nothing at 11th and Market, but finding about a dozen gallon jugs and a number of pints and quarts, all empty, together with cartons and packages in which the whiskey was shipped, at Kennedy's residence. Part of this stuff was taken, as the law directs, to be put in evidence along with the express shipments.

The men gave bond in the sum of $100 each to appear before Justice Harriss today at 12 o'clock. Justice Harriss yesterday received the laws of the Legislature and for the first time had at hand the search and seizure measure in authentic form. It not only makes the possession of more than a gallon at one time, prima facie evidence of retailing, but also makes it evidence against a man if he gets more than five gallons in any four weeks, whether he has any in possession when searched or not. Yesterday while the officers were at Kennedy's place, a gallon shipment came but was refused.

Grace Sunday School Today.

Members of the Sunday School of Grace Methodist church will have their annual outing at Wrightsville Beach today as guests of the Tidewater Power Company. It is expected that 400 members of the school will take advantage of the opportunity afforded to spend a pleasant day at Luminar. Special cars bearing the excursion party will leave Front and Princess streets promptly at 10 o'clock this morning. After spending the day at the resort, the party will return to the city late in the afternoon.

St. Thomas' Colored School

The closing exercises of St. Thomas' Catholic School for colored children will be held in the Academy of Music on Monday, May 26th. The children have been preparing for some time for the occasion and a fine programme has been arranged. Rt. Rev. Leo Haid, D. D., Bishop of North Carolina, will be present and will make an address and deliver the diplomas to the graduates.

Funeral of Mr. Brock.

The funeral of Mr. James Brock, whose death occurred Monday, was held at noon yesterday from the Methodist church at Seagate, conducted by Rev. C. T. Rogers, pastor of Trinity Methodist church, and interment was in the graveyard on the sound. A number of friends attended the services.

For $1.50 Per Year

You can rent one of our Safe Deposit Boxes, where your valuable papers and jewelry may be kept safe from fire or burglars. This is cheap insurance when you stop to consider the loss of one deed, mortgage, bond, stock certificate, insurance policy or other valuable paper might entail a loss sufficient to pay your box rent for a lifetime.

OLD AND STRONG.

The PEOPLE'S SAVINGS BANK

HOW ABOUT THE YOUNGER SET?

You appreciate the necessity of association with a strong Savings Bank. The reasons are obvious. But are there not members of your family, among the younger set, who have not yet become acquainted with Banking methods? Would it not be well to introduce them to an account at the Wilmington Savings & Trust Company? Such a connection will prove advantageous to them in subsequent years and at the present time a Savings Account will be educational, as well as useful. We are the oldest and largest Savings Bank in the entire State of North Carolina.

SOCIAL & PERSONAL

This evening at 8:15 in the High School building, the alumni of tae institution will hold a meeting to plan for the annual banquet to the Senior class.

* * *

Prof. Washington Catlett returned yesterday morning from Port Royal, Va., whither he was called Friday night by the illness of his sister, Miss P. J. Catlett, whose condition is unchanged.

* * *

Many friends of Mr. E. N. Clark, industrial and immigration agent of the Atlantic Coast Line, will be glad to learn that he is rapidly recovering from a recent severe illness and is able to be at his office again.

* * *

On account of the Sunday school excursion to Wrightsville Beach today, the Junior division of the Missionary Society of Grace Methodist church has postponed its meeting one week, and will hold it next Wednesday.

* * *

The Clyde Line steamer Cherokee arrived Sunday night from New York with the following passenger list: C. W. Williams, Mr. and Mrs. J. S. Miller, J. H. Brown, Messrs. W. Bavier, Miss C. Ruhlmann, H. Kaminsky, J. Morehead, W. H. Miles, R. B. Morse, R. P. Horenburg.

* * *

The Westminster Christian Endeavor Society of St. Andrew's Presbyterian church, will give a moonlight excursion on the Cape Fear tomorrow evening, the steamer Wilmington leaving the Princess street dock at 8:15 o'clock. There will be music by the Choral Club and refreshments. The fare is 25 cents.

* * *

The members of the Civic Department of Sorosis in attendance upon yesterday's meeting at the home of Mrs. J. G. Barentine, No. 115 Grace street, formulated plans for the work of the coming year, along the lines of the work done during the past year. The meeting was very satisfactory and was well attended.

* * *

All members of North Carolina Sorosis are urgently requested to attend a special meeting to be held at the Masonic Temple this afternoon at 3:30 o'clock. The subject under discussion at this meeting will be of much interest to all, as it pertains to "The Housekeeping Alliance and Reference Bureau" which the club hopes to establish. By means of this bureau Sorosis hopes to simplify the now serious servant problem, and it is hoped that all members will respond to this call and attend the meeting this afternoon.

Invitations reading as follows have been received by friends:

Mr. and Mrs. J. W. Fleet
request the honor of your presence at
the marriage of their daughter
Emma Hazel
to
Mr. Einar Alexander Palmgren
on the afternoon of Wednesday, the
fourth of June, Nineteen
hundred and thirteen
at half after five o'clock
Fifth Street Methodist Church
Wilmington, North Carolina.

PERSONAL PARAGRAPHS.

—Messrs. J. P. Gustauson and N. S. Smith, of Norfolk, were guests at The Orton yesterday.

—Mr. R. S. Sales, prominent coal dealer of Savannah, is a visitor in the city, a guest at The Orton.

—Miss Lena Rembert left yesterday morning for Raleigh to visit Mrs. E. M. Pool for a few days.

—Col. S. B. Taylor, of Catherine Lake, and Mr. J. L. Springs, of Lake Waccamaw, were in the city yesterday, stopping at The Orton.

—Mr. P. W. Peck, of Charlotte, was among the guests registered yesterday at The Orton.

—Former Solicitor Rodolph Duffy, of Catherine Lake, Onslow county, spent last night in the city, a guest at The Orton.

—Among the guests registered last night at The Orton were Mr. D. E. Harllee, of Greensboro; Mr. J. D. Barnes, Weldon; Mr. Geo. H. Nash, Durham, and Mr. P. O. Leggett, of Southport.

—Rev. Dr. J. M. Wells, pastor of the First Presbyterian church, who is attending the meeting of the General Assembly at Westminster church, Atlanta, is expected to return home Saturday and will occupy his pulpit Sunday.

Interesting Services Held.

Rev. J. J. Boone, of Snow Hill, delivered a forceful sermon at Bladen street Methodist church last evening to a congregation that completely filled the auditorium of the church. Interest in the series of special services is increasing daily. In addition to the regular song service at 7:45 and preaching at 8 P. M., there will be services at 3:30 this afternoon.

MISSION OF PEACE.

Georgia Veterans Are Received at the White House.

Washington, May 20.—The "old guard" of the Gate City Guard of the city of Atlanta, Ga., on a tour of the North Atlantic cities, marched to the White House today 50 strong and was received by the President and Mrs. Wilson. Col. J. F. Burke, its commandant, presented to Mrs. Wilson a bouquet of roses picked at her old home at Macon, Ga. Escorted by companies of the Washington Light Infantry, the Georgians paraded Pennsylvania avenue. Tonight they left on a special train for Baltimore and Philadelphia. The Guard is covering the same ground over which it went in 1879 bearing a message of peace to the North.

THAT TIRED FEELING

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood, and a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy but that has long ago been displaced by Vinol, a combination of the two most world famed tonics, namely, the medicinal curative elements of the cods' liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker, of Bowen's Mill, Ga., says: "When I was badly run down last Spring I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it does not. Robt. R. Bellamy, Druggist, Wilmington, N. C.

Y. M. C. A. DIRECTORS MEET

Enthusiastic and Largely Attended Session Last Night—New President Formally Inducted Into Office

The board of directors of the Y. M. C. A., the number of which has recently been increased to 15 by the election of six new members, held a largely attended and enthusiastic meeting in the temporary office of the association in the Odd Fellows building last night for the purpose of formally inducting into office the new president, Mr. Daniel H Penton, filling several vacancies and the transaction of other important business incident to the early opening of Y. M. C. A. work on a broader and more extensive scale than has ever before been attempted here, with the completion of the handsome new building on Market street.

Dr. E. J. Wood, vice president, called the meeting to order and after a few appropriate remarks he presented Mr. Penton, the new president, who immediately assumed the duties of the office and presided over the remainder of the session. Mr. K. W. Price made a few remarks in which he cordially welcomed the new members of the board of directors.

The formalities over the board got down to business and received most gratifying reports from the building, financial and religious committees, showing that the work in these departments, which are the only ones that are active at present, was entirely satisfactory and very encouraging.

Mr. Virginus Hall was elected treasurer to fill the vacancy caused by the removal from the city of Mr. J. W. Simpson. Messrs. D. L. Latta and J. Laurence Sprunt were elected members of the financial committee to fill vacancies.

After some discussion the board adopted the progressive policy for the association as outlined by Mr. J. B. Huntington, the general secretary, the said policy being in line with that adopted by other leading associations of the country. The employed force in the new building is to be adequate not only to handle the work in the association building, but it is planned to extend the influence of the association throughout the city and this part of the State.

The general secretary was instructed to visit several of the associations in this State and South Carolina to secure data as to the needs of an association with an equipment such as the local association will have when the new building is completed, the information to be used in preparation of the budget and the purchase of the furnishings for the new building.

Mr. Huntington will leave this morning for Charlotte to begin his investigations. He will go through the country with Mr. J. Laurence Sprunt in the latter's automobile. Mr. Sprunt goes on to Davidson College, while Mr. Huntington will visit Columbia and Charleston, S. C., Greensboro and Raleigh, this State, before returning.

LOCAL DOTS.

Large quantities of strawberries left without a market in Eastern Carolina and suffered in large part to waste

—W. Van Sellers, Jr., a lad about 14 years old, while at work in a plant in the southern part of the city yesterday, was injured by machinery and taken to his home, No. 615 Queen street, where physicians attended him. His head was hurt, one ear being torn away, and one arm broken in the mishap.

—such is part of a story about the strawberry crop this year—and for every year, for that matter. And yet you can't buy strawberries in season in Lumberton at a reasonable price; the merchants of this and other small towns hereabouts can't get the berries. It is certainly a blundering, criminally wasteful system of distribution which allows vast quantities of berries to rot while towns not a hundred miles away are not supplied at all.—Lumberton Robesonian.

—The push cart stolen from Gordon's news stand Sunday night and used to haul away meat stolen from a car belonging to Swift & Co., was found by the police at the home of Pat Willis last night, on Charlotte street between 12th and 13th, Willis having reported to an officer that he found it in the street Monday morning. He stated that during the night he heard voices in the street, as if three or more people were present. The cart bore signs of having had meat in it.

Kenosha, Wis., May 20.—Jack Britton, of Chicago, beat Eddie Murphy, of Boston, in a ten round fight tonight. Murphy's rugged battling saved him from a knockout.

The "tips" outwear the gloves

"The Kayser" SILK Glove

is the World's standard silk glove—all other silk gloves are measured by the "KAYSER" standard.

The development of the "KAYSER" Silk Glove represents the attainment of an ideal, the achievement of which has not been hampered by restrictions of cost or time, nor influenced by a passing demand for features most aptly characterized as "talking points."

We could not afford to buy expensive advertising space "year after year," to tell the women of America that "KAYSER" Gloves are the best—in style, fit and finish—if it were not true.

"KAYSER" gloves "cost no more" than the ordinary kind—and are worth double in quality, fit and value. Don't accept the "just as good" kind, there's a way to tell the genuine—"Look in the Hem"—if you find the name "KAYSER"—you have the kind that "don't wear out" at the finger ends.

A Guarantee Ticket in every pair.

Short Silk Gloves, 50c, 75c, $1, $1.25, $1.50
Long Silk Gloves, 75c, $1, $1.25, $1.50, $2

..Theatrical..

Fraught with the brightest of gems from the moving picture world, the very latest, coming direct from factory to Wilmington and representing big cost in rental, the Bijou's show today will be one of the best ever.

The Bijou is certainly the favorite spot. Any season of the year it is popular, but especially is this so when warm weather comes on, because the Bijou has a big and enviable reputation for solid comfort during the hot weather. It is freely, in fact, perfectly ventilated, which gives delight and makes it healthful, and its seating arrangement is something swell, the opera chairs being of the most comfortable type and so arranged that one does not have to arise when a person passes. So it is plain to be seen why the Bijou is so popular.

Today's bill will be something extra good, being headed by Cines' most powerful dramatic, "A Heart of Steel." It tells of how father and son pit themselves against each other on the stock exchange, not aware of it, however, and the former goes into bankruptcy. Too late the son realizes who he has been crushing, and the father refuses to forgive. A little child plays a tender, important part in the story.

Another great dramatic on today is Edison's "Bill's Sweetheart." It is a gripping story of the West, of the days when prairies schooners were on the plains and Indians roamed about.

A great Pathe film is "The Swedish Submarine Maneuvers," which will interest and instruct. Still another photoplay away out of the ordinary is "The Pitcher Plant." The collection today is indeed wonderful.

At the Grand.

The Grand Theatre today in addition to its great big feature, the six-piece orchestra in an all new programme of select music, will present an extraordinary offering in the pictures.

Topping the list, so to speak, is a great Pathe Weekly of current events, educational, interesting and informing. Among the notable scenes depicted are Mayor Mott, of Oakland, Cal., inspecting a new street sweeping device which gathers the dust instead of scattering it; Mrs. Pankhurst leaving her solicitor's office to go to trial in Old Bailey Court, London; Mayor Rolph pitching the first ball opening the season at San Francisco; a re-enactment of the landing of Ponce de Leon, at St. Augustine, Fla.; the king and queen of Spain attending the laying of a corner-stone at Madrid; a marathon race at Jersey City; the king of England proceeding to open parliament; the suffragette parade in Washington, and Mutt and Jeff in a roaring comedy sketch.

Another big feature picture is an Edison, "Aunty and the Girls," a bright, rollicking comedy, and "With the Assistance of 'Shep'," an animal story that will appeal to all.

The music by the orchestra will be especially pleasing and of the high standard set thus far by this splendid organization of musicians.

THOSE FERTILIZER THEFTS.

Officers Think Large Operations Were Carried On.

Accounts published relative to the arrest of the negro R. W. Kelly, on charge of stealing and selling fertilizer, and his subsequent release, have not, in the opinion of the officers making the arrest, set forth the incident as it should have been; and they feel that they have been set in a false light, as if making an arrest without good reason. Constable John Davis and Private Detective H. Mack Godwin were the officers who arrested Kelly at the Smith Creek bridge, after he had sold seven bags of some sort of fertilizer at $1 per bag. Mr. Godwin had been working on the case for several weeks, employed for the purpose by the fertilizer people. For six weeks the officers say, fertilizer has been carried by boat to the bridge and disposed of to farmers at greatly reduced prices, and in their opinion the amount sold is considerable. They were in touch with the fertilizer people and had instructions to make a thorough investigation, and did so, but after Kelly was arrested in the act of selling seven bags of stuff, the magistrate was informed by the superintendent of the Almont factory that the negro had permission to sell certain kinds of fertilizer from the factory, and that he made due report of the sales, hence he was discharged. The officers wish this statement made in order that the public may know that they were carrying out instructions of the fertilizer people in making the arrest and feel that they were entirely justified in doing so, although it appears from subsequent developments that Kelly had permission to dispose of the fertilizer he sold.

Death of An Infant.

Last evening the infant of Mr. and Mrs. A. F. Anderson, No. 517 South Seventh street, died, and the remains will be taken to Currie this morning on the 8:40 train for interment. The parents will have the sympathy of many friends in their loss.

POPULAR PASTOR "POUNDED"

Rev. W. L. Rexford Pleasantly Remembered by Congregation

Rev. and Mrs. W. L. Rexford, of Bladen Street Methodist church, were the recipients yesterday of many nice things from members of the congregation, who at various times during the day sent various useful articles which an appreciative congregation usually combines under the familiar head of "pounding." Late in the afternoon quite a number of people called at the parsonage and brought the "pounding" to a close by the presentation of still more pleasant gifts, for all of which the popular pastor and his estimable wife are highly appreciative.

Bakes Bread To Perfection

Bakes it light and crisp—in a slow, steady oven—and a cool, comfortable kitchen.

New Perfection
WICK BLUE FLAME
Oil Cook-stove
Smokeless Odorless

Bakes, broils, roasts and toasts.

The New Perfection Oil Cook-stove is cleaner than a coal or wood range. Cheaper than gas. Cooks everything as well as either.

Burns kerosene, the cleanest, handiest fuel.

No coal or ashes to carry.

No soot. No smoke. No dust.

The new 4-burner Perfection Stove cooks a whole meal at once with the least expense, trouble and discomfort. Indicator shows just how much oil is in font.

Smaller stoves with 1, 2 or 3 burners.

"Nature's Gift from the Sunny South"

DO YOU know the difference between *Cottolene* and lard? *Cottolene* is a vegetable product; lard is an animal product. *Cottolene* is made from purest and choicest cotton oil, a product of Nature.

Lard-cooked foods tend to heat the system unduly, and cause discomfort and indigestion; *Cottolene* makes food rich but never greasy, and food which any stomach can digest with ease.

Cottolene

The better class of housewives often use butter instead of lard for cooking purposes. It's a mighty expensive and needless habit. *Cottolene* is every bit as good as butter for shortening; it is better than butter for frying. And *Cottolene* costs much less than butter.

Cottolene will not burn nearly as easily as butter or lard, and with its use the strong, irritating and indigestible acids found in foods fried in animal fats are avoided.

Two-thirds of a pound of *Cottolene* will go as far as a full pound of butter or lard.

Just think these facts over and let them sink in. Then order a pail of *Cottolene* of your grocer.

COTTON MARKET LESS ACTIVE NO SNAP IN WHEAT MARKET STOCKS RECEIVE SET BACK

After Slight Early Advance Close Eased Off Steady—Weather and Crop Reports From Southern Sections Favorable

New York, May 20.—The cotton market was less active today and after a slight early advance eased off with the close very steady, at an advance of one point on May, but generally 2 to 5 points lower.

The opening was steady, at an advance of 1 to 3 points on a renewal of yesterday's covering movement, and continued buying by trade houses with foreign connections. Cables were not better than due, while the earl yweather news indicated very favorable conditions in the South, with further showers forecasted for the Eastern belt, and the buying was not as active as it had been on Monday. Wall Street and uptown interests seemed to be taking some cotton, but houses with Southern connections were sellers and prices soon sagged off 2 or 3 points from the best. Trading became quiet late in the morning, but offerings increased somewhat after the publication of the weekly weather report which appeared to encourage a more optimistic view of the probable June condition report and the active months sold off to a net loss of from 3 to 6 points during the afternoon. Closing prices were 2 or 3 points up from the lowest on most positions, as a result of covering by early sellers of a continued scattering trade demand. Rumors that certain of the prominent New England mills would close next week, referred only to the decision of the mills to close on Memorial Day, and the Saturday following, but may have promoted some selling in connection with the favorable weather and crop news. Private wires stated that cotton is putting on squares in Southern Alabama, and predicted blooms by the first of next month. There was nothing in the news to indicate any material change in the ruling of Southern spot markets, but several reports were received from the Eastern belt, claiming generous interior stocks, as compared with last year. July was relatively steady, during the day, as most of the fresh selling seems to be going into the later positions, owing to the reduction in the local stock and the small shipments in this direction from the South.

Futures opened steady and closed quiet and steady. May, 6.46; May and June, 6.45½; June and July, 6.42¼; July and August, 6.39; August and September, 6.28½; September and October, 6.13½; October and November, 6.06; November and December, 6.03¼; December and January, 6.02½; January and February, 6.02; February and March, 6.03; March and April, 6.04; April and May, 6.05; May and June, 6.05½. Spot cotton, quiet. Middling uplands, 12.00; middling gulf, 12.25; sales, 136 bales.

Futures closed very steady.

SEMI-ANNUAL MEETING.

Virginia Corporation Elects Officers—Dividends Declared.

Norfolk, Va., May 20.—At the semi-annual meetings here today of the Norfolk Railway and Light Company, and City Gas Company, chief subsidiaries at Norfolk of the Virginia Railway and Power Company, F. W. Roebling, of Trenton, N. J., was elected a director in both companies, vice former United States Senator Frank O. Briggs, of New Jersey, deceased. Fritz Sitterding, of Richmond, was elected a director in the first-named company, vice C. Brooks Johnston, deceased, and G. B. Williams, of Richmond, a director in the City Gas Company, vice Mr. Johnston. The usual semi-annual dividend of 3 per cent. was declared.

NO DEFINITE ACTION.

By Presbyterians in Matter of Purchase of Cumberland University.

Bowling Green, Va., May 20.—No definite action was taken on this, the last scheduled day of the general assembly of the Cumberland Presbyterian Church on the compromise in the purchase of Cumberland University at Lebanon, Tenn., but the Assembly will remain in session for another day at least. The proposal which involves the raising of $37,500, likely will come up tomorrow.

V. L. Bray, of Springfield, Mo., was chosen as tithing secretary of the church.

Geneva, Switzerland, May 20.—The Servian Premier has sent a telegraphic message to the Servian consul, N. S. Petrovitch, stating that representatives of the intended abdication of King Peter are without foundation.

Lost Strength After Gaining Slowly Throughout the Day—Bids Fell Below Usual Terms—Undertone Firm.

New York, May 20.—After slowly gathering strength during the greater part of day's market, stocks received a setback late in the session when bids were opened for New York city's $45,000,000 issue of 4½ per cent. bonds. The bids fell considerably below the usual terms. Bonds sold off to 1.02 3-16, and the outstanding city issues also weakened.

The city's bond offering had been looked forward to with unusual interest in the hope that the result might indicate the revival of an investment demand. The depression of sentiment as a result was registered in reaction in the stock market, which cancelled a large part of the gains made earlier in the day.

Prices of stocks moved irregularly at the outset, but the undertone was firm. Withdrawal of pressure from the Rock Island and St. Louis and San Francisco issues which were especially weak yesterday had a stimulating effect. The upward movement received considerable impetus from a circulation of a rumor that the Harriman dissolution plan had been decided upon to the satisfaction of all parties at interest. On the strength of this rumor, Union Pacific and Southern Pacific rose strongly and the rest of the market moved up with them.

Bonds were higher. St. Louis and San Francisco general 5s touched 72, a new low record. Total sales, par value, $1,430,000. Panama 3s, coupon, advanced ⅛ on call. Total sales were 216,900 shares.

ELECTION NOTICE.

FOR BONDS FOR ROADS and BRIDGES

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina, passed at its 1913 session, entitled "An Act to empower the Board of Commissioners of New Hanover County to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover County on Tuesday, May 27th, 1913, between the hours of sunrise and sunset, to determine whether New Hanover County, North Carolina, shall issue $100,000.00 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said County.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

All qualified electors who favor the issue of said bonds shall vote for "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

For the purpose of this election, as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of Election in the said several townships, precincts and wards.

Cape Fear Township—Polling place, Ritter's blacksmith shop, Castle Hayne road; Registrar, W. H. Shearin; Judges of Election, W. S. Cooper and C. E. Kerr.

Harnett Township—Delgado, Barber shop, Delgado Mills; Registrar, F. C. Branch; Judges of Election, W. G. James and H. C. Blake.

Harnett Township — Seven-Mile Post; Polling place, Township house; Registrar, George T. Shepard; Judges of Election, Gerrit Walker and C. H. Alexander.

Harnett Township — Sea Gate; Polling place, Rogers' store, Sea Gate station; Registrar, Rev. A. C. Chafin; Judges of Election, G. W. Westbrook and Z. A. Sneeden.

Masonboro Township—Polling place, Pine's store, Whiskey Creek; Registrar, J. A. Farrow; Judges of Election, C. W. Bishop and J. A. Hines.

Federal Point Township—Polling place, T. J. Burnett's farm; Registrar, T. J. Burnett; Judges of Election, John A. Biddle and H. B. Williams.

Wilmington Township—First ward, Precinct No. 1—Polling place, Barding store, No. 818 No. 4th st.; Registrar, W. H. Barding; Judges of Election, W. H. Cox and W. McD. Evans.

Wilmington Township—First ward, Precinct No. 2—Polling place, Engine house, 4th and Campbell sts.; Registrar, George W. Branch; Judges of Election, W. H. Howe and William Sheehan, Sr.

Wilmington Township — Second ward—polling place, Court house; Registrar, J. N. Fennell. Judges of Election, T. E. Sprunt and W. J. Meredith.

Wilmington Township — Third ward — Polling place, Gibeim Lodge, 5th and Princess; Registrar, A. G. Hankins; Judges of Election, Brooke French and John Hall.

Wilmington Township — Fourth ward — Polling place, Oldham's old store, Dock, between Front and Second streets; Registrar, W. Oldham; Judges of Election, W. P. Emerson and J. M. Stevenson.

Wilmington Township—Fifth ward, Precinct No. 1—Polling place, Market house, 5th and Castle sts.; Registrar, I. W. King; Judges of Election, J. J. Loughn and H. K. Nash.

Wilmington Township—Fifth ward, Precinct No. 2—Polling place, Engine house, 6th and Castle sts.; Registrar, G. W. Irving; Judges of Election, W. M. Creasy and D. J. Fergus.

The Registration books of each Township, precinct and ward will be kept open for registration of electors for twenty days preceding the day for closing the registration books, as hereinafter provided, Sundays excepted, between the hours of nine o'clock A. M. and sunset on each day, beginning April 24th, 1913; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit, May 17th, 1913; and on Saturday, the 26th day of April, 1913, and on the 3rd day of May, 1913, and on the 10th day of May, 1913, and on the 17th day of May, 1913, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective townships, precincts and wards for the registration of electors.

The registrars will attend the polling places of their respective townships, precincts and wards with the registration books on the Saturday preceding the election, to-wit, May 24th, 1913, from the hour of nine o'clock A. M. till the hour of three o'clock P. M., when and where the said books will be open for the inspection of the electors of said townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 19th day of April, 1913, by order of the Board of Commissioners of New Hanover County.

M. S. WILLARD, Chairman.

Attest: JOHN HAAR Clerk.

Was he wearing a suit that appealed to you? We have another suit as distinctive-looking for YOU.

There's no doubting that many men were attracted by the new Stein-Bloch suits worn Sunday and yesterday.

We know it from the fact that these men solved their Spring clothing problems here last week.

We have such a variety of patterns in fabrics in Stein-Bloch Smart Clothes, that you can join the crowd and feel as individual as the Statue of Liberty.

Style and expert tailoring were linked up by Stein-Bloch 58 years ago, and have never become separated.

Today is a good day to look—it's a pleasure to serve you.

THE NEW PRESIDENT OF CUBA

(Continued from Page One.)

Secretary of State, who with American Minister Beaupre and Brigadier General Enoch H. Crowder, Judge Advocate General of the army, composed the mission.

In felicitating the new executive upon the orderly and peaceful transfer of power from one party to another, the address of the mission laid stress upon the intention of the United States to support "firm and just government against all elements of disorder," and reiterated President Wilson's declariton of policy toward all American nations. The address said:

"We bring you a cordial message of good will and encouragement in the duties which now fall to you, and we wish to express the hearty sympathy of the American people with every element of good government in Cuba. It is the wish and purpose of the President of the United States and of the government which we represent to support firm and just government against all elements of disorder.

"As was stated by President Wilson in March last, in his declaration of the policy that would be followed by the United States in its relations with its sister republic in the western hemisphere, one of the chief objects of his administration will be to cultivate their friendship to deserve their confidence, and to promote in every proper and honorable way the interests w hich are common to our respective countries.

"The President earnestly desires the most cordial understanding and cooperation between the United States and Cuba. He believes that such cooperation is possible only when supported at every turn by just government based upon law, upon the consent of the governed and upon the public conscience. He will seek to make these principles and a firm opposition to all arbitrary or irregular force, the basis of our mutual intercourse.

"The American people are the friends of peace, and can have no sympathy with those who seek to seize the power of government in order to advance their personal ambitions. There can be no lasting peace in such circumstances. As friends who prefer the interests of peace and honor, the protection of private rights and respect for the restraints of constitutional provisions, mutual respect must continue to te the foundation of the friendship which exists between us.

"The United States has nothing to seek in Cuba except the lasting interest of the people, the security of popular government, and the development of such personal and commercial relations between Cuba and the United States as will redound to the profit and advantage of both and interfere with the rights and liberties of neither.

"In reiterating to you, Mr. President, these friendly assurances of the President of the United States, we desire to emphasize the earnestness and sincerity with which the people and the government of the United States, as represented by the President, desire that the future of the Cuban nation shall be one of uninterrupted advance toward peace, prosperity and security. Our message is one of cordial friendship and felicitation. May Cuba, under your guidance, rise yet another stage upon her progress towards settled peace, contentment and prosperity."

ORGANIZED LABOR ATTACTED

(Continued from Page One.)

conclusion: "The aftermath, like in the recent floods, will plainly be visible and the remedy sharp and decisive. But this is not the case with respect to the insidious class legislation which is creeping upon us. Experience teaches that once such legislation is incorporated in statute law, it is written there to stay."

President Asked to Veto Bill

Practically all of today's sessions of the convention of the National Manufacturers Association was taken up with discussion of labor organizations and the labor situation. The discussion culminated this afternoon in sending President Wilson resolutions protesting against the sundry civil appropriation bill, and urging the Chief Executive to veto it because of the provision against using funds for prosecution of labor organizations under the Sherman act.

The resolutions were in part, as follows:

"The moral effect of the proviso preventing the use of public funds specifically appropriated to enforce the Sherman act, for the prosecution of labor and agricultural combinations violating that statute, is to condone the acts which the law has condemned and to make the participants in strike, boycotts and all forms of labor disturbers believe that they are justified in acts of lawlessness when done in furtherance of a trade dispute.

"It implicitly pledges the administration to similar changes in the substantive law which would approve and validate the most vicious forms of the secondary boycott ii inter-State commerce, including compulsory discharge of non-union men as a means of compelling the acceptance of the demand by the boycotting combination.

The Embargo on Free Labor

"Making it lawful and right for one class of citizens to do that which would remain criminal and wrong when done by another class, insults the law-abiding members of the excepted class, offends the moral sense of our people and under the decisions of our courts would be likely to invalidate the act and thus further the sinister designs of those who would destroy the statute itself."

A large part of the secretary's report was devoted to the so-called embargo placed on "free labor" by promoters of the Panama-Pacific Exposition at San Francisco.

Delegates did not conceal the fact that they view the policy of the exposition managers to employ but union labor with disfavor. Several of the members of the association announced they will not exhibit unless the exposition is opened to "free labor."

FOUR KILLED.

Terrific Flood Sweeps Train Down Mountain Side.

Huntington, W. Va., May 20.—Four persons were killed and many injured tonight when the waters of a cloudburst, rushing down a mountain side, swept a train from the tracks of the Chesapeake& Ohio Railroad near Sewell, W. Va.

MINORITY INSISTS ON AMENDMENTS

(Continued from Page One.)

schedule. Senator Stone denied the reports that the committee had made general reductions from the Underwood rates, but some items have been reduced. One of these is said to be structural steel, on which the bill as it passed the House, placed 12 per cent.

Senator Kenyon, of Iowa, has introduced an amendment to put aluminum on the free list. This is in keeping with his proposal to put all products of monopolies on the free list.

Senator Reed severely criticised the Republicans for having in the employ of the Finance Committee during consideration of tariff bills men who were interested in the National Association of Wool Manufacturers and he read from letters of S. N. D. North who was secretary of the National Woolen Manufacturers' Association, who admitted serving as a clerk to the Finance sub-committee when tariff bills were up.

"When the Democrats get through with this bill," said Senator Reed, "it may contain some mistakes, but it will contain no jokers by paid employes of the woolen trust or other manufacturing interests."

THE WOOD TRIAL

Defendants Charged With Conspiracy to Dynamite In 1912

Boston, Mass., May 20.—An attempt to prove that representatives of capital entered into a compact to discredit organized labor was made in the Superior Court here today

the Superior Court today where President William M. Wood, of the American Woolen Company; Frederick E. Attaux, and Dennis J. Collins are on trial. The defendants are charged specifically with conspiracy to "plant dynamite at Lawrence during the textile strike of 1912.

Collins testified as a witness for the prosecution, and confessed a part in the alleged plot, though insisting that he was unaware at the time that he was handling dynamite. He admitted he did not expect to receive a jail sentence if he told the truth on the stand.

Collins made only a casual mention of Wood. He said that at the request of John J. Breen, who was a member of the Lawrence school board at the time, he carried a package of dynamite from Boston to Lawrence, and at Breen's direction distributed smaller packages of explosives at various places where the strikers congregated. Breen has been convicted and fined for "planting" the dynamite.

The reference to Mr. Wood came when the witness was telling of a conversation between Breen and himself when the other announced that he would be the next mayor of Lawrence and that a "million was back of him."

Collins said that he asked Breen what he meant and the undertaker replied with the query: "Don't you know President Wood, of the American Woolen Company?" Collins said he did not, and Breen told him, he said, that he would know the joke later.

Henry F. Hurlbut, counsel for Mr. Wood, declined to cross-examine Collins on the ground that his testimony had not incriminated Mr. Wood.

Inspector William J. Rooney, of the Boston police department, and police inspector Charles R. Vose, of Lawrence, testified to the discovery of dynamite in places to which they had been directed by Breen. The trial will be continued tomorrow.

SCHWAB TESTIFIES.

Important Witness in Government's Dissolution Suit Offers Evidence.

New York, May 20.—Charles M. Schwab resumed the witness stand today for further cross-examination by government counsel in the suit to dissolve the United States Steel Corporation. The existence of competition between these two concerns is one of the important points in the Government's case against the corporation.

In refutation of Mr. Schwab's testimony today, that one of the principal objects of the organization of the corporation was to develop the export trade, Judge Dickinson read statistics showing that more steel had been exported in the two years previous to the corporation's organization than during the first two years afterwards.

Those figures in no manner disprove or detract from my theory, Mr. Schwab replied, because they cover but a short time. If you will take the figures for a longer period of time, they will show a large increase in the exports.

Ten members of the plate pool, organized in 1900, all competitors, all became subsidiaries of the United States Steel Corporation, Mr. Schwab testified.

SEVENTY ARRESTED.

In Connection With Strike Demonstration and Enforcing Dispersal Order.

Paterson, N. J., May 20.—Several thousand strikers assembled at the opening and closing time today at the entrances to the Price Silk Mill, where the employees returned to work yesterday, responding with jeers when the police tried to disperse them. In enforcing the dispersal order officers arrested nearly 70 persons. There were no other disorders.

Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten it.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of child-birth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded, joyful anticipation.

Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with none of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at $1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses.

Write to Bradfield Regulator Co., 131 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend to-day.

The Woman of To-Day.....

It is noteworthy that the women of this generation are more thoughtful, more serious, and more dependable than were the women of even 50 years ago. Women pay more attention to the serious side of life and are, as a result, growing more independent.

Every girl who is out of her teens, and certainly every wife and mother, should have a Savings Account at this Bank. The handling of money in this way tends toward economy and good management, and teaches ordinary business procedure, thus enabling a woman who is suddenly thrown upon her own resources to be in position to look after her own affairs.

This Bank aims to furnish unusually attractive service to its women depositors.
